JUSTIFICATION:

Based on survey information, a combined guideline harvest objective of 3 points (male goats=1 point, female goats=2 points) was established by ADF&G for the portion of Unit 1(D) between the Kicking Horse River/ Garrison Glacier south to the Sullivan River (Unit 1 (C) border). As of Monday, September 8, 2014 three male goats have been taken in this area for a total of 3 points. Due to the vulnerability of goat in this area, and because the guideline harvest level has been reached an emergency order has been issued to close the mountain goat hunting season in the area described above at **11:59 pm on Tuesday, September 9, 2014**. Those portions of Unit 1(D) not affected by this emergency order, and not previously closed by emergency order, will remain open until the harvest guidelines are reached or the seasons come to their scheduled conclusions.
