JUSTIFICATION:

The Southeast Alaska king salmon sport fishery is managed under the directives of the *Southeast Alaska King Salmon Management Plan* (5 AAC 47.055). This plan provides management prescriptions based upon the allocation to the sport fishery as determined by *Allocation of king salmon in the Southeastern Alaska-Yakutat Area* (5 AAC 29.060). The allocation to the sport fishery for the 2025 season is 28,264 king salmon. To avoid exceeding the Alaska all-gear catch limit a 2% reduction has been applied to the Alaska all-gear catch limit which results in a

management target of 27,700 king salmon for the sport fishery. This emergency order implements the management prescriptions prescribed for resident anglers when the sport allocation is below 34,302 and nonresident regulations have been established to provide an uninterrupted resident sport fishery while not exceeding the sport fish allocation. Inseason adjustments may be necessary to either increase or decrease opportunity in order to achieve but not exceed the sport fish allocation of king salmon.

The additional harvest opportunity for residents only applies within Alaska state waters (0-3 nautical miles from shore). In the waters of the exclusive economic zone, all anglers must comply with the regulations established for nonresident anglers, including those established by this emergency order.

PREVIOUS EMERGENCY ORDERS AFFECTED:

Emergency Order 1-KS-R-30-24 previously establishing resident and nonresident king salmon bag and possession limits and a nonresident king salmon annual limit for the 2024/2025 winter season is superseded by this emergency order.

Emergency Order 1-KS-C-06-25 which established sport fishing regulations for king salmon in areas where Alaska hatchery-produced king salmon will be returning near Petersburg, are unaffected by this emergency order.

DISTRIBUTION:

The distribution list for this emergency order is on file at the Region 1 Office of the Alaska Department of Fish and Game, Division of Sport Fish, P. O. Box 110024, Douglas, AK 99811, (907) 772-5231.
