GHLs and maps of open sections are available at the Kodiak office and in the herring sac roe fishery harvest strategy for the 2020 season. Fishermen are urged to check with their market and test their catch prior to landing herring. Determining if size or roe quality meets processor standards is the responsibility of fishermen and industry. It is anticipated that many small and green fish will be present on the grounds during the initial open fishing periods. Recent fishery information may be obtained by calling the Department’s message phone at 486-4559.

Under Alaska’s Health Mandates 10, 11, and 12, commercial fishing is an Essential Business and is part of Alaska’s Essential Services and Critical Infrastructure. Commercial fishermen should ensure that all travel and other activities in support of commercial fishing operations follow protocols in Alaska COVID-19 Health Mandates.
