During the commercial fishing season, subsistence harvest may occur in the Copper River District concurrent in time and area with commercial fishing periods until the Copper River District is closed at the end of the season. **Additionally, waters of the Copper River District, excluding the Chinook salmon inside closure area, will open to subsistence fishing from 6:00 am to 10:00 pm on all Saturdays between May 15 and October 31.** Subsistence users may obtain subsistence permits during regular business hours. The Cordova ADF&G office is open to the public Monday - Friday, 8:00 am - 12:00 pm and 1:00 pm - 5:00 pm. **Subsistence permits are not available outside of regular office hours.** Permit holders are encouraged to call the Cordova office at 907-424-3212 or report online (<https://www.adfg.alaska.gov/Harvest/>) to provide preliminary harvest reports to assist with inseason harvest tracking.

28,590 sockeye salmon for this period. The Prince William Sound Science Center's Lower Copper River Sonar Station is operational near the mouth of Clear Martin River on the lower east side of the Copper River (60° 22.48' N., 144° 53.68' W.) and fish passage summaries can be viewed at <https://pwssc.org/2020-lower-copper-sonar/>.

BERING RIVER DISTRICT: Bering River District, west of a longitude line at 144° 28.20' W., will open at 7:00 am on Monday, May 25 for a 12-hour commercial drift gillnet fishing period. The intent of this opening is to target Copper River sockeye salmon that are traveling through the western portion of this district. **As overlap with the Bering River sockeye salmon run timing increases, the likelihood of future early season opening in the Bering River District will diminish. Further, PWSAC recommends that the Esther Subdistrict be opened for the first 12 hours of the commercial fishing period commencing on Monday, June 1, and remain closed for the remainder of the period. Cost recovery harvests will commence at WNH as run entry and hatchery escapement warrants. **In response to COVID-19, all PWSAC facilities are closed to the public until further notice.**
