Closure of the Northeast District of the Kodiak Area to Directed Commercial Black Rockfish Fishing

Emergency Order 4-GF-17-20

The directed commercial black rockfish jig gear fishery in the Northeast District of the Kodiak Area will close at 11:59 p.m. May 26, 2020. Catch reports indicate black rockfish harvest in the Northeast District has reached the guideline harvest level.

Following the closure, vessels may retain black rockfish in the Northeast District as bycatch, up to 5% by weight of the target species onboard. Operators of vessels registered for the Northeast District must contact ADF&G in Kodiak to change district registration prior to targeting black rockfish outside of the Northeast District.

Under Alaska's Health Mandates 10, 17, and 18, commercial fishing is an Essential Business and is part of Alaska's Essential Services and Critical Infrastructure. Commercial fishermen should ensure that all travel and other activities in support of commercial fishing operations follow protocols in Alaska COVID-19 Health Mandates. COVID-19 Health Mandates may be found here: <https://gov.alaska.gov/home/covid19-healthmandates/>.

For more information, contact ADF&G in Kodiak at (907) 486-1840.
