Waters within the Chinook salmon inside closure area will be **OPEN** during this subsistence fishing period.

During the commercial fishing season, subsistence harvest may occur in the Copper River District concurrent in time and area with commercial fishing periods until the Copper River District is closed at the end of the season. **Additionally, waters of the Copper River District, including the Chinook salmon inside closure area, will be OPEN to subsistence fishing from 6:00 am to 10:00 pm on Saturday, June 27.** Subsistence users may obtain subsistence permits during regular business hours. The Cordova ADF&G office is open to the public Monday - Friday, 8:00 am - 12:00 pm and 1:00 pm - 5:00 pm. **Subsistence permits are not available outside of regular office hours.** Permit holders are encouraged to call the Cordova office at 907-424-3212 or report online (<https://www.adfg.alaska.gov/Harvest/>) to provide preliminary harvest reports to assist with inseason harvest tracking.

Cumulative sonar count through 6/19 is 294,034 fish whereas 376,410 fish are projected by this date. The 0600 count for 6/20 is 2,034 fish.

As of June 19, 1,957 sockeye salmon had passed the Coghill River weir versus a minimum cumulative anticipated of 937 fish.
