**2022 NAKAT INLET TERMINAL HARVEST AREA FISHERY ANNOUNCEMENT**

The Nakat Inlet Terminal Harvest Area (THA) will **not open** to the harvest of hatchery produced chum and coho salmon until 12:01 a.m., Thursday, September 1, 2022. This closure is being implemented so the Southern Southeast Regional Aquaculture Association (SSRAA) can conduct cost recovery fishing inside the Nakat Inlet THA. If SSRAA meets their cost recovery goals prior to August 31, a subsequent announcement will be released opening the Nakat Inlet THA to common property harvest for drift gillnet and troll gear.

The Emergency Order corresponding with this announcement is EO 1E0822.
