COMMERCIAL SHRIMP POT FISHERY ANNOUNCEMENT
SECTIONS 13-A/B CLOSURE

The commercial shrimp pot fishery in Sections 13-A/B will close at 4:00 p.m., Thursday, June 6, 2024. Effort and harvest rates indicate the 15,000-pound guideline harvest level (GHL) for Sections 13-A/B will be reached by Thursday, June 6, 2024.

All shrimp pot gear must be removed from the water or placed in storage by the time of this closure. Pots may be stored in the waters of Sections-13 A/B until 4:00 p.m., Thursday, June 13, 2024. Stored pots must have all doors secured fully open and all bait and bait containers removed.

Shrimp tickets must be submitted to an Alaska Department of Fish and Game (ADF&G) office within 7 days of the closure. Fishermen are reminded that catcher/sellers intending to sell shrimp to persons unlicensed to process shrimp (i.e. dock sales) must fill out an ADF&G fish ticket indicating the weight of the shrimp on board by species before any shrimp are removed from the vessel (5 AAC 31.143 [d]).

All commercial shrimp fishermen are required to notify the department within 2 business days of deploying gear and within 2 business days after ceasing fishing in a district, or portion of a district, with a GHL.

The Emergency Order corresponding to this announcement is EO 1C2524.
