Westside Salmon Announcement 3 **Emergency Order: None**

This is the Alaska Department of Fish and Game in Dillingham with an update regarding commercial fishing in the Togiak District. This is Westside Salmon Announcement number 3 issued Friday, June 14 at 3:00 p.m.

Commercial fishing opens in all sections of the Togiak District as per the regular weekly schedule at 9:00 a.m. Monday, June 17. All sections will remain open for the regular weekly schedules. The department will reevaluate the amount of effort in the Togiak District next week and determine if reduced fishing time is required for king conservation. Currently, mesh size in the Togiak District is restricted by regulation (5AAC 06.369d) to 5.5 inches or smaller until 9:00 a.m. July 15 for king conservation.

Fishermen are reminded that they must register to fish before fishing in any district in Bristol Bay and that once you register to fish in the Togiak District you may not transfer to another district until announced by the department.
