During the commercial fishing season, subsistence harvest may occur in the Copper River District concurrent in time and area with commercial fishing periods until the Copper River District is closed at the end of the season. Additionally, waters of the Copper River District, excluding the standard Chinook salmon inside closure area, will open to subsistence fishing from 6:00 am to 10:00 pm on all Saturdays from June 17 through October 28. **Subsistence fishing in the Copper River District is not allowed 24 hours before open commercial fishing periods.** Prince William Sound Management Area salmon subsistence permits may be obtained through any ADF&G office or online (<https://www.adfg.alaska.gov/Store/>). In Cordova, permits will be available during normal business hours Monday through Friday from 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m. To assist with inseason harvest tracking, permit holders are encouraged to call the Cordova office at 907-424-3212 or report online (<https://www.adfg.alaska.gov/Harvest/>) to provide preliminary harvest reports.

**COGHILL DISTRICT:** The Coghill District, excluding the Esther Subdistrict and the WNH THA and SHA, will open to commercial drift gillnet harvest for a 36-hour fishing period starting at 8:00 am on Monday, June 17. Zero brood of the 228,000 goal have been collected to date.
