These restrictions will be in effect until at least July 31, 2024.

When under nonretention of Chinook salmon 28 inches or larger, purse seine fishermen are encouraged to quickly release Chinook salmon in a manner that minimizes mortality. If Chinook salmon greater than 28 inches (large) are retained, the fisherman is in violation and may be issued a citation. Retained large Chinook salmon will be donated, and the fisherman may be subject to the cost associated with processing the fish for donation. On the fish ticket, the number and weight of the fish must be recorded and the disposition code "86-Donated" must be used.

Fishermen, tenders, and processors are reminded that all salmon, including steelhead, commercially harvested but retained for personal use and not sold, must be reported on fish tickets at the time of delivery.

Fishermen, tenders, and processors are reminded that harvest from the Kendrick Bay (THA) should be kept and reported on a separate fish ticket from harvest outside of the Kendrick Bay THA. The statistical area for the Kendrick Bay THA is 102-15 and includes the waters of McLean Arm and Kendrick Bay. The statistical areas for portions of District 2 open outside of the Kendrick Bay THA are 102-10 (Kendrick Bay south) and 102-20 (Kendrick Bay north).
