The department holds annual meetings each year with fishery managers, fishery researchers, hatchery operators, fishermen, fishing organizations, processing company representatives, and any other interested parties to review the previous salmon season, discuss topics of importance for management of the fisheries, and plan for the following season. This year, the Purse Seine and Drift Gillnet Task Force meetings will be conducted in Sitka, Alaska at Harrigan Centennial Hall and virtually via Zoom.

Participants can attend by clicking the below link, or entering the meeting link into a web browser, and registering for the meeting.
