

Hunting and Trapping Emergency Order

Under the Authority of AS 16.05.060

Alaska Department
of Fish and Game

Emergency Order No. R3-1-25

Issued at: Fairbanks, Alaska
January 7, 2025

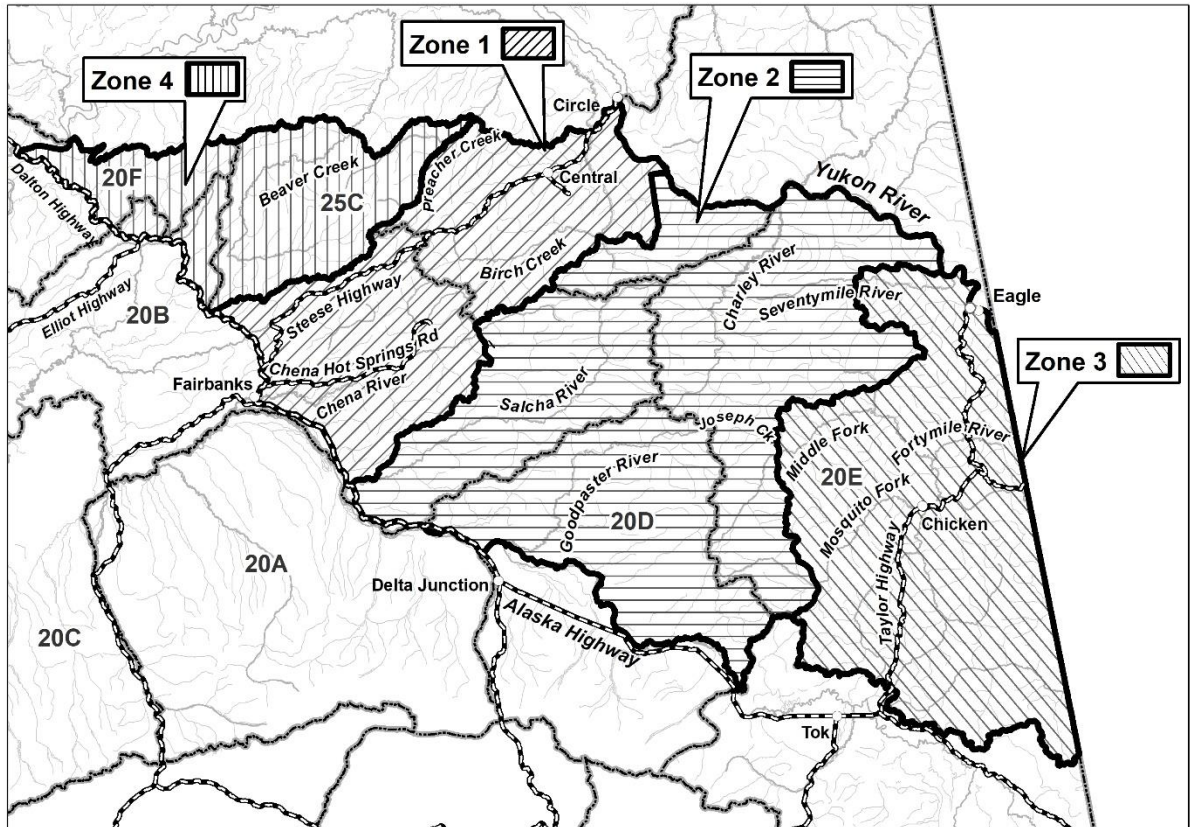

Effective Date: 12:00 A.M.
January 11, 2025

Expiration Date: June 30, 2025
unless superseded by subsequent
emergency order

EXPLANATION:

State registration permit hunt RC867 for the Fortymile Caribou Herd is divided into 4 zones. This emergency order opens the RC867 hunt in Zones 1 and 4 of the Fortymile Caribou hunt area, located in portions of Game Management Units 20B, 20F, and 25C. The RC867 hunt in Zones 1 and 4 was previously closed on November 22, 2024 to avoid over harvest of large numbers of caribou near the Steese Highway. Caribou have dispersed enough over the past 5 weeks to allow the RC867 hunt to open in these Zones without a conservation concern.

No other caribou hunting regulations in Units 20 and 25 are affected by this emergency order.

REGULATION:

Therefore, the following regulations in **5AAC 85.025(a)(15) and (20), HUNTING SEASONS AND BAG LIMITS FOR CARIBOU**, are superseded by this emergency order, and the following provisions are effective for hunting caribou:

Units and Bag Limits	Resident Open Season (Subsistence and General Hunts)	Nonresident Open Season
(15)		
...		

Units and Bag Limits

Units 20(B) and 20(F), those portions south of the Yukon River, and north and east of a line formed by the Richardson Highway from the Unit 20(D) boundary to its intersection with the Steese Highway, north along the Steese Highway to its intersection with the Elliot Highway, then northwest along the Elliot Highway to its intersection with the Dalton Highway, then north along the Dalton Highway to the Yukon River, except the Middle (East) Fork of the Chena River drainage upstream from and including the Teuchet Creek drainage and except the Salcha River drainage.

All other caribou hunting regulations in Units 20 and 25 are not affected by this emergency order.

JUSTIFICATION:

The Alaska Board of Game endorsed the Fortymile Caribou Herd Harvest Plan as a means of guiding harvest of the herd. The annual harvest quota is allocated seasonally: 75% to the fall hunt and 25% to the winter hunt. The winter harvest quota is further subdivided into zones within the Fortymile caribou hunt area, each with its own quota. The remaining winter 2024–2025 combined quota for Zones 1 and 4 is 150 caribou. The RC867 hunt in Zones 1 and 4 was previously closed on November 22, 2024 to avoid over harvest of large numbers of caribou near the Steese Highway. Caribou have dispersed enough over the past 5 weeks to allow the RC867 hunt to open in these Zones without a conservation concern.
