Statewide Deer Season Hunt Reports Due

(Juneau) — The Sitka black-tailed deer hunting season is closed in Alaska. All hunters who obtained deer harvest tickets, even those who did not hunt or harvest a deer, must return completed hunt reports to the Alaska Department of Fish and Game. If you haven't submitted your hunt report, please do so immediately. Hunt reports may be submitted by mail, in person at a Fish and Game office, or online at <http://hunt.alaska.gov>.

The information provided in hunt reports helps biologists estimate changes in area-specific deer harvest and hunting effort, monitor populations, and recommend appropriate seasons and bag limits. The more detailed hunt information you provide, the better biologists can track trends and manage deer populations.

For more information, or if you require assistance, please call the area office (listed above) nearest you.
