

**Submitted by the Alaska Department of Fish and Game on behalf of Board Members  
Jensen and Jeffrey**

**March 9, 2016**

**Substitute Language for Proposal 218**

5 AAC 28 is amended by adding new sections to read:

**Article 7. Kodiak Area (Registration Area K).**

**5 AAC 28.4XX. Permits for miscellaneous groundfish in the Kodiak Area.** (a) Except when taken as allowable bycatch in another directed fishery, miscellaneous groundfish may be taken on an experimental basis in the Kodiak Area only under the conditions of a permit issued by the commissioner necessary for conservation or management purposes. The permit may

- (1) restrict the depth of fishing operations;
- (2) specify season dates;
- (3) specify areas of fishing operations by district, subdistrict, or statistical subareas;
- (4) establish the minimum size of harvested fish;
- (5) specify the type and configuration of gear;
- (6) require the completion of logbooks provided by the department and require that the logbooks be attached to a fish ticket at the time of landing; and
- (7) require other conditions determined by the commissioner to be necessary for conservation or management purposes.

(b) For the purpose of this section, "miscellaneous groundfish" are those species of groundfish not specifically addressed in 5 AAC 28.400 – 5 AAC 28.485.

**Article 8. Chignik Area (Registration Area L).**

**5 AAC 28.5XX. Permits for miscellaneous groundfish in the Chignik Area.** (a) Except when taken as allowable bycatch in another directed fishery, miscellaneous groundfish may be taken on an experimental basis in the Chignik Area only under the conditions of a permit issued by the commissioner necessary for conservation or management purposes. The permit may

- (1) restrict the depth of fishing operations;

- (2) specify season dates;
- (3) specify areas of fishing operations by district, subdistrict, or statistical subareas;
- (4) establish the minimum size of harvested fish;
- (5) specify the type and configuration of gear;
- (6) require the completion of logbooks provided by the department and require that the logbooks be attached to a fish ticket at the time of landing; and
- (7) require other conditions determined by the commissioner to be necessary for conservation or management purposes.

(b) For the purpose of this section, "miscellaneous groundfish" are those species of groundfish not specifically addressed in 5 AAC 28.500 – 5 AAC 28.545.

#### **Article 9. South Alaska Peninsula Area (Registration Area M).**

##### **5 AAC 28.5XX. Permits for miscellaneous groundfish in the South Alaska Peninsula Area.**

(a) Except when taken as allowable bycatch in another directed fishery, miscellaneous groundfish may be taken on an experimental basis in the South Alaska Peninsula Area only under the conditions of a permit issued by the commissioner necessary for conservation or management purposes. The permit may

- (1) restrict the depth of fishing operations;
- (2) specify season dates;
- (3) specify areas of fishing operations by district, subdistrict, or statistical subareas;
- (4) establish the minimum size of harvested fish;
- (5) specify the type and configuration of gear;
- (6) require the completion of logbooks provided by the department and require that the logbooks be attached to a fish ticket at the time of landing; and
- (7) require other conditions determined by the commissioner to be necessary for conservation or management purposes.

(b) For the purpose of this section, "miscellaneous groundfish" are those species of groundfish not specifically addressed in 5 AAC 28.555 – 5 AAC 28.585.
