Stocks of concern action plans the Board of Fish will consider during the January finfish meeting in Sitka.

The JDAC unanimously approved the following motion:

“The Juneau Douglas Fish and Game Advisory Committee urges the Board of Fish to adopt the most conservative, data driven, Chinook management approach that is practical. We are of the opinion that all user groups must participate in the conservation of Chinook salmon stocks.”

The Juneau Douglas Fish and Game Advisory Committee also considered the following proposal.

| Prop. | Support | Oppose | Comments ect |
|------------------|---------------|--------|--|
