

PROPOSAL 118

5 AAC 21.365. Kasilof River Salmon Management Plan.

Amend the *Kasilof River Salmon Management Plan* to include the Kasilof River biological escapement goal, as follows:

Apply similar direction by the Board as found within the Kenai Late-run sockeye salmon management Plan (b) 1; i.e. **meet the biological escapement goal (BEG) range of 140,000–320,000 sockeye salmon.** Placed under (c) (1) of the Kasilof River Salmon Management Plan.

What is the issue you would like the board to address and why? Remarkably, the Kasilof River sockeye salmon BEG goal is not provided within the Kasilof River Sockeye Salmon Management Plan.
