

PROPOSAL 99

5 AAC 21.360. Kenai River Late-Run Sockeye Salmon Management Plan.

Establish mandatory closed inriver fishing windows for sockeye salmon, as follows:

In order to establish a true pass-through fishery, the in-river fishery requires windows also.

What is the issue you would like the board to address and why? Windows do not achieve desired effect. This re-allocation hamstrings managers in sockeye management. Mandatory closures complicate management. More kings could spawn if they pass through.
