Subject: Rotenone Consent for the Anderson and Kings Lakes

Dear Mr. Rutz:

The Board of Fisheries received your request at the Upper Cook Inlet Board of Fisheries meeting in Anchorage asking for consent to use Rotenone to eradicate a nonindigenous northern pike population from the Anderson and Kings Lakes in Wasilla as per Alaska Statute 16.35.200. The Board of Fisheries supports its use in this project and has voted to allow the department to proceed with these rotenone treatments.

Please contact Glenn Haight, the board's Executive Director (465-6095) if you have any questions on this.

Regards,

A handwritten signature in black ink, appearing to read "Reed Morisky".
