ATA suggested language re troll fishery SOC Action Plans

1. Status Quo for spring and summer fisheries
2. Status Quo for winter inside fisheries
3. Winter outside fisheries:

Referencing RC-4, Draft-Unuk and Chickamin King Salmon Stock Status and Action Plan, 2021

## **ACTION #2 – COMMERCIAL FISHERIES**

### **Option B –**

**Specific Action to Implement the Objective:**

#### 2. Troll Fisheries

- Continue to manage the troll fishery per the 2018 Unuk River king salmon action plan with the following amendment:
  - Winter Troll:  
**From March 16 through April 30, The waters of the Southeast Alaska/Yakutat winter troll fishery will be confined to the outer coastal waters of Districts 4, 13, and 183 east of the winter boundary line.**
