

Pg 22 - Channel Migration of west fork
 Pg 23
 Pg 24 - Sedimentation of Black
 Lake

Page 28 - Consequences for
 Sockeye Salmon production

Page 42 - LAST "PARAGRAPH"
 "LAST SENTENCE" Dead Sockeye Fry

Page 44 - Second to last paragraph

Page - 47 - potential mitigation
 of Habitat Degradation in Black Lake
 2ND PARAGRAPH -

Page - 47 - Variability in production -
 2ND PARAGRAPH - LAST 2 SENTENCES

IS THIS REPORT SHOWS THERE IS A PROBLEM
 IN YA. 2003 - ONE CAN ONLY IMAGINE WHAT IT IS
 LIKE TODAY ⇒ AGAIN I HOPE IT IS NOT TO LATE -
 WITH THIS BEING SAID ⇒ SHUTTING ^{DOWN} OR
 RESTRICTING AREA IN - WILL NOT EFFECT
 THE RECOVERY OF THE CHIGNIK FISHERIES

Rapid Natural Habitat
DEGRADATION AND CONSEQUENCES
FOR SOCKEYE SALMON PRODUCTION
IN CHIGNIK LAKES SYSTEM,
ALASKA

PAGE 22 - CHANNEL MIGRATION
OF WEST FORK

PAGE 23 + 24

SEDIMENTATION ~~AND~~ ~~SOCKEYE~~
OF BLACK LAKE

PAGE 28 - CONSEQUENCES FOR
SOCKEYE SALMON

PAGE 42 - LAST PARAGRAPH,
LAST "SENTENCE" - DEAD SOCKEYE FRY

5 — Black Lake — oct 2012
ECOSYSTEM RESTORATION REPORT
