## **Transcript of Meeting (Excerpt)** 2 MARCH 22, 2013 1 2 00:00:00 3 (This portion not requested.) 12:44:34 4 5 CHAIRMAN JOHNSTONE: Next is No. 3, and we'll 6 need a little bit of assistance from the Department 7 of Law on No. 3. We still have some areas that we 8 have probably the guiding principles for groundfish fishery regulations, and I'm not sure what those 9 areas are. We repealed the use and the requirement 10 11 of using the guiding principle for groundfish 12 fisheries in several areas, and this is a question 13 that we should address of whether we want to eliminate using the guiding principle for groundfish 14 15 fishery throughout the state. what areas do we still have, Mr. Mitchell 16 17 or Mr. Messing?

MR. MESSING: Thank you, Mr. Chairman. Just a real brief history on this. The Board started this process, the previous Board -- probably some of you were on the Board -- where the objective (noise interruption). There wasn't a statewide meeting at the time, so you were going through areas as you went through and making the regulation not applicable to those areas.

Unfortunately, the last few areas, which are on the schedule for this year, were -- there was not -- because this is a -- this is a regulation that actually affects the Board itself, the public was never really compelled to put a proposal in for you. The Department hasn't, and so it's really up to the Board, I suppose, in the end to ultimately clean this up.

This is our opportunity now at the statewide meeting. This does have a statewide application, even though technically part of it doesn't apply anymore statewide, but as a whole it does. So this would repeal it off the books.

As you saw earlier in this meeting, you had to consider the criteria for a few proposals, and later on, if this is not repealed from the books, you'll have -- for example, the P-cod proposals you'll be taking up in October, you could have a situation where you're considering it for some, yet not other proposals, depending on which area they're from.

Hopefully that helps, Mr. Chair.

CHAIRMAN JOHNSTONE: Thank you. It does.

Any comments on this? Does staff want to weigh in on this and give us any additional

	4
1	information? Director Regnart, do you
2	DIRECTOR REGNART: Mr. Chairman, actually
3	Mr. Messing summed it up for the Department's
4	position on this.
5	CHAIRMAN JOHNSTONE: Okay. What's the
6	pleasure of the Board on this? Mr. Jensen?
7	MR. JENSEN: Thank you, Mr. Chair.
8	I've been behind a couple of these, and
9	the reasoning behind it was to streamline a process
10	a little bit, and the reason we don't need these is
11	we already do consider all these different
12	principles when we are making our decisions. We
13	consider conservation of the groundfish resource, we
14	try to minimize bycatch, and we try to protect the
15	habitat, main source, harvest rates by methods and
16	means and time and area to assure the adequate
17	reporting and analysis necessary for management of
18	the fishery.
19	And we go through these steps without
20	having to have them in front of us, and that's one
21	of the reasons we've been kind of taking them out
22	because there's just unnecessary duplicity,
23	Mr. Chair.
24	CHAIRMAN JOHNSTONE: Thank you, Mr. Jensen.

If there's -- if there's going to be a

25

Yeah.

	5
1	motion, the motion would be appropriate to if the
2	Board feels we should do away with them, to repeal
3	5 AAC 28.089, Guiding Principles for Groundfish
4	Fishery Regulations.
5	UNIDENTIFIED SPEAKER: So moved.
6	UNIDENTIFIED SPEAKER: Second.
7	CHAIRMAN JOHNSTONE: Further discussion on the
8	motion? Mr. Webster?
9	MR. WEBSTER: Thank you. Yeah, I agree.
10	Mr. Jensen hit it right on the nailhead. This is
11	basically just cleaning up what we started at least
12	one cycle, maybe more than that, ago. And this just
13	cleans it up, makes it clear so, in the future, if
14	we're discussing two different areas, we won't be
15	as the Department said, we'd have to use them on one
16	proposal and maybe not use them on the next
17	proposal.
18	So this is just to make everything
19	standardized, and it's really more housekeeping than
20	anything. I'm going to be in support of it,
21	Mr. Chair.
22	CHAIRMAN JOHNSTONE: Mr. Kluberton?
23	MR. KLUBERTON: Thank you, Mr. Chairman.

really the Board's only recourse at this point to

In the interest of consistency, I think it's

	6
1	make these regulations consistent throughout all
2	areas in the state. This has never been a
3	controversial issue. We've not received any
4	negative feedback when we've taken this action area
5	by area, so I am in complete agreement with this
6	concept. Thank you.
7	CHAIRMAN JOHNSTONE: Further comments?
8	UNIDENTIFIED SPEAKER: Question.
9	CHAIRMAN JOHNSTONE: The question has been
10	called. Errors and omissions, Director Regnart?
11	DIRECTOR REGNART: No, Mr. Chairman.
12	CHAIRMAN JOHNSTONE: Mr. Mitchell?
13	MR. MITCHELL: Mr. Chairman, I didn't hear
14	reference to cost, but I don't believe this will
15	have any cost effects on private parties. No errors
16	or omissions, Mr. Chairman.
17	CHAIRMAN JOHNSTONE: Thank you.
18	Lieutenant Olek?
19	MR. OLEK: No, Mr. Chairman.
20	CHAIRMAN JOHNSTONE: Roll call vote.
21	CLERK: On the Board's generated Proposal A
22	contained in RC 94, Mr. Webster?
23	MR. WEBSTER: Yes.
24	CLERK: Mr. Jensen?
25	MR. JENSEN: Yes.
