

PROPOSAL 132

5 AAC 09.360. Southeastern District Mainland Salmon Management Plan.

Amend the *Southeastern District Mainland Salmon Management Plan* to reflect changes to Chignik River sockeye salmon escapement goals.

What is the issue you would like the board to address and why? In April 2022 the Alaska Department of Fish and Game changed the Chignik River sockeye salmon escapement goal from early and late run goals to a single goal. Several management plans reference two sockeye salmon escapement goals for the Chignik River. This proposal does not suggest a specific change to the management plan, rather it is meant to serve as a signal that the Alaska Board of Fisheries may wish to consider amending the *Southeastern District Mainland Salmon Management Plan* in response to the new Chignik River sockeye salmon escapement goal.
