

PROPOSAL 276

5 AAC 34.627. King crab storage requirements for Registration Area O.

Amend longline king pot storage depth from 75 to 100 fathoms or less, as follows:

Golden king crab storage depths 100 fathoms or less.

What is the issue you would like the board to address and why? Would like to change the storage depth from 75 fathoms or less to 100 fathoms or less.

Due to ship jogging during storms and loosing are buoy ends. As a result have to drag up our stored gear which is very dangerous.

Did you develop your proposal in coordination with others, or with your local Fish and Game Advisory Committee? Explain. Myself
