

## SOUTHEAST AND YAKUTAT FINFISH AND SHELLFISH PROPOSAL INDEX

KING SALMON (31 proposals).....	105
King Salmon Management Plan and Allocation.....	105
<b>PROPOSAL 104</b> .....	<b>105</b>
<i>Allocate 5,000 king salmon for the Alaska's all gear quota to a king salmon subsistence fishery and establish provisions for king salmon subsistence fishery.</i>	
	105
<b>PROPOSAL 105</b> .....	<b>106</b>
<i>Modify sport fishing regulations in salt waters subject to the Magnuson-Stevens Act by removing differential regulations for resident and nonresident anglers .....</i>	
	106
<b>PROPOSAL 106</b> .....	<b>107</b>
<i>Prohibit nonresidents on charter vessels that have taken fish in the EEZ from offloading those fish in state waters.....</i>	
	107
<b>PROPOSAL 107</b> .....	<b>108</b>
<i>Prohibit nonresidents that have taken fish in the EEZ from possessing or offloading those fish in state waters") .....</i>	
	108
<b>PROPOSAL 108</b> .....	<b>108</b>
<i>Modify management and allocation provisions of the Southeast Alaska King Salmon Management Plan .....</i>	
	108
<b>PROPOSAL 109</b> .....	<b>110</b>
<i>Modify the structure of the Southeast Alaska King Salmon Management Plan by removing management tiers and other provisions.....</i>	
	110
<b>PROPOSAL 110</b> .....	<b>115</b>
<i>Manage the sport fishery inseason to achieve the annual king salmon allocation to the sport fishery as follows: .....</i>	
	115
<b>PROPOSAL 111</b> .....	<b>121</b>
<i>Modify the management provisions and target allocation for the king salmon sport fishery.....</i>	
	121
<b>PROPOSAL 112</b> .....	<b>127</b>
<i>Modify the sport allocation of king salmon and provisions for management.....</i>	
	127
<b>PROPOSAL 113</b> .....	<b>128</b>
<i>Modify the provisions of the Southeast Alaska King Salmon Management Plan and increase the sport allocation of king salmon .....</i>	
	129
<b>PROPOSAL 114</b> .....	<b>130</b>
<i>Reduce the nonresident annual limit in low allocation management tiers and other modifications to the Southeast Alaska King Salmon Management Plan .....</i>	
	130
<b>PROPOSAL 115</b> .....	<b>134</b>

<i>Reduce the nonresident annual limit for king salmon to one fish</i> .....	134
<b>PROPOSAL 116</b> .....	<b>135</b>
<i>Reduce the nonresident annual limit for king salmon to two fish prior to July 1 and one fish after July 1</i> .....	135
<b>PROPOSAL 117</b> .....	<b>140</b>
<i>Reduce the nonresident annual limit for king salmon to two fish prior to July 1 and one fish after July 1 as follows:</i> .....	140
<b>PROPOSAL 118</b> .....	<b>141</b>
<i>The nonresident annual limit for king salmon shall not exceed three and nonresident annual limits will not apply in terminal harvest areas</i> .....	141
<b>PROPOSAL 119</b> .....	<b>142</b>
<i>Close the nonresident sport fishery for king salmon for 2 days per week</i> .....	142
<b>PROPOSAL 120</b> .....	<b>143</b>
<i>Close the nonresident sport fishery for king salmon on weekends</i> .....	143
<b>PROPOSAL 121</b> .....	<b>143</b>
<i>Extend the sunset provisions in the Southeast Alaska King Salmon Management Plan</i> .....	143
King Salmon-Sport SOC action plans .....	144
<b>PROPOSAL 122</b> .....	<b>144</b>
<i>Prohibit the removal of king salmon from the water when retention is not allowed</i> .....	144
<b>PROPOSAL 123</b> .....	<b>144</b>
<i>Prohibit netting or handling king salmon when catch-and-release fishing is implemented</i> .....	144
<b>PROPOSAL 124</b> .....	<b>145</b>
<i>Modify resident sport fishing opportunity prescribed by Southeast Alaska king salmon action plans</i> .....	145
<b>PROPOSAL 125</b> .....	<b>146</b>
<i>Close sport fishing for king salmon in District 14A when a stock of concern exists for king salmon stocks in Northern Southeast Alaska</i> .....	146
<b>PROPOSAL 126</b> .....	<b>146</b>
<i>Close sport fishing for king salmon in District 14A</i> .....	146
<b>PROPOSAL 127</b> .....	<b>147</b>
<i>Allow residents to retain king salmon in the month of April near Ketchikan</i> .....	147
<b>PROPOSAL 128</b> .....	<b>147</b>
<i>Allow residents to retain king salmon in the month of April in the Ketchikan area.</i> .....	147
King Salmon-Commercial .....	147
<b>PROPOSAL 129</b> .....	<b>147</b>

<i>Increase the number of days open in the Yakutat Bay spring troll fishery from 1 day to 2 days. ....</i>	<i>147</i>
<b>PROPOSAL 130</b> .....	<b>148</b>
<i>Allow for remaining troll king salmon allocation after winter and spring troll fisheries to be harvested during a single retention period beginning July 1.....</i>	<i>148</i>
<b>PROPOSAL 131</b> .....	<b>149</b>
<i>Establish criteria for establishing a limited harvest troll fishery in August and allow for more than one limited harvest fishery to occur. ....</i>	<i>149</i>
<b>PROPOSAL 132</b> .....	<b>150</b>
<i>Establish a minimum size limit for Chinook salmon of 26 1/2 inches from snout to fork of tail in the spring troll fisheries. ....</i>	<i>150</i>
<b>PROPOSAL 133</b> .....	<b>151</b>
<i>Allow for king salmon of 26 1/2 inches snout to fork length be retained in District 13 spring troll fisheries. ....</i>	<i>151</i>
<b>PROPOSAL 134</b> .....	<b>153</b>
<i>Expand landing and retention requirements for king salmon by purse seine permit holders and establish penalties for violating landing requirements. ....</i>	<i>153</i>
<b>SOUTHEAST AREA AND YAKUTAT AREA SUBSISTENCE, PERSONAL USE, AND SPORT SALMON AND OTHER NON-GROUNDFISH FINFISH (21 proposals) .....</b>	<b>155</b>
Southeast Subsistence Salmon.....	155
<b>PROPOSAL 135</b> .....	<b>155</b>
<i>Only allow for the use of seine gear in the Redoubt Bay subsistence fishery when the escapement is projected to be greater than 40,000 sockeye salmon. ....</i>	<i>155</i>
<b>PROPOSAL 136</b> .....	<b>156</b>
<i>Increase sockeye salmon possession and annual limits at Basket Bay. ....</i>	<i>156</i>
<b>PROPOSAL 137</b> .....	<b>156</b>
<i>Increase the possession limit of sockeye salmon for Basket Bay from 15 to 30 sockeye salmon. ....</i>	<i>156</i>
Southeast Sport Salmon and Trout .....	157
<b>PROPOSAL 138</b> .....	<b>157</b>
<i>Prohibit snagging in the Mendenhall Wildlife Refuge.....</i>	<i>157</i>
<b>PROPOSAL 139</b> .....	<b>157</b>
<i>Prohibit snagging within Don D. Statter harbor .....</i>	<i>157</i>
<b>PROPOSAL 140</b> .....	<b>158</b>
<i>Sport fishing may only be conducted with a single barbless circle hook between April 1 and June 14.....</i>	<i>158</i>
<b>PROPOSAL 141</b> .....	<b>159</b>
<i>Prohibit the use of bait in sport fisheries between April 1 through June 14 .....</i>	<i>159</i>

<b>PROPOSAL 142</b> .....	<b>159</b>
<i>Open Ketchikan Creek to sport fishing year-round and establish bag and possession limits for king salmon</i> .....	159
<b>PROPOSAL 143</b> .....	<b>160</b>
<i>Increase the bag and possession limit for trout in Southeast Alaska</i> .....	160
<b>PROPOSAL 144</b> .....	<b>160</b>
<i>Increase harvest opportunity for trout in Southeast Alaska</i> .....	161
<b>PROPOSAL 145</b> .....	<b>161</b>
<i>Increase harvest opportunity for trout in Klawock Lake drainage</i> .....	161
<b>PROPOSAL 146</b> .....	<b>162</b>
<i>Increase the bag and possession limit for rainbow and cutthroat trout in 108 Creek drainage</i> .....	162
<b>PROPOSAL 147</b> .....	<b>162</b>
<i>Increase the bag and possession limit for rainbow and cutthroat trout and prohibit the use of bait in Neck Lake</i> .....	162
<b>PROPOSAL 148</b> .....	<b>163</b>
<i>Modify Eagle Lake cutthroat trout bag and possession and size limit</i> .....	163
<b>PROPOSAL 149</b> .....	<b>163</b>
<i>Prohibit the use of bait and establish a catch-and-release fishery with single barbless hooks in Petersen Creek</i> .....	164
Yakutat Area .....	165
<b>PROPOSAL 150</b> .....	<b>165</b>
<i>Change the weekly subsistence fishing periods in the Yakutat Area from 6:00 a.m. to 12:01 a.m. start time and 6:00 p.m. to 11:59 p.m. end time</i> .....	165
<b>PROPOSAL 151</b> .....	<b>165</b>
<i>Modify the nonresident annual limit for king salmon in the freshwaters of the Yakutat management area and the Situk River</i> .....	165
<b>PROPOSAL 152</b> .....	<b>166</b>
<i>Amend the Situk-Ahrnklin Inlet and Lost River King Salmon Fisheries Management Plan to reflect recent management strategies</i> .....	166
<b>PROPOSAL 153</b> .....	<b>170</b>
<i>Close a portion of the Situk River to sport fishing until the escapement goal for king salmon is met</i> .....	170
<b>PROPOSAL 154</b> .....	<b>170</b>
<i>Close sport fishing in a portion of the Situk River between April 15 and May 15</i> .	170
<b>PROPOSAL 155</b> .....	<b>171</b>
<i>Increase the sport fish bag and possession limit for sockeye salmon in the fresh waters flowing into the Situk-Ahrnklin estuary</i> .....	171
ENHANCEMENT AND TERMINAL HARVEST AREAS (9 proposals) .....	172

<b>PROPOSAL 156</b> .....	<b>172</b>
<i>Reduce Southeast Alaska hatchery permitted pink and chum salmon egg take level by 25%</i> .....	172
<b>PROPOSAL 157</b> .....	<b>173</b>
<i>Establish a terminal harvest area and associated management plan for harvesting hatchery produced salmon at Burnett Inlet.</i> .....	173
<b>PROPOSAL 158</b> .....	<b>174</b>
<i>Modify boundaries of the Hidden Falls terminal harvest area (THA) for chum, king and coho salmon and the Hidden Falls special harvest area (SHA) for chum and king salmon</i> .....	174
<b>PROPOSAL 159</b> .....	<b>175</b>
<i>Modify the Wrangell Narrows-Blind Slough Terminal Harvest Area Salmon Management Plan</i> .....	175
<b>PROPOSAL 160</b> .....	<b>177</b>
<i>Modify the Wrangell Narrows-Blind Slough Terminal Harvest Area Salmon Management Plan</i> .....	178
<b>PROPOSAL 161</b> .....	<b>180</b>
<i>Reduce the sport fish bag limit for king salmon in the Blind Slough Terminal Harvest Area</i> .....	180
<b>PROPOSAL 162</b> .....	<b>181</b>
<i>Reduce king salmon sport fish bag limits outside of the time when the Wrangell Narrows-Blind Slough Management Plan is in effect.</i> .....	181
<b>PROPOSAL 163</b> .....	<b>181</b>
<i>Nonresident annual limits for king salmon will apply in the Blind Slough terminal harvest area</i> .....	181
<b>PROPOSAL 164</b> .....	<b>182</b>
<i>Modify king salmon bag and possession limits in the terminal harvest area near Juneau</i> .....	182
<b>COMMERCIAL SALMON (6 proposals)</b> .....	<b>183</b>
<b>PROPOSAL 165</b> .....	<b>183</b>
<i>Change the start time of weekly drift gillnet fishing periods from Sunday to Monday.</i> .....	183
<b>PROPOSAL 166</b> .....	<b>183</b>
<i>Allow for drift gillnets to be up to 90 meshes deep in District 11 beginning statistical week 34.</i> .....	183
<b>PROPOSAL 167</b> .....	<b>184</b>
<i>Increase the legal length of purse seine by 50 fathoms.</i> .....	184
<b>PROPOSAL 168</b> .....	<b>184</b>
<i>Modify regulations to make it unlawful to use aircraft for locating salmon during any open commercial purse seine fishing period.</i> .....	184

<b>PROPOSAL 169</b> .....	<b>185</b>
<i>Allow use of two fishing rods used in conjunction with a down rigger or hand troll gurdy to be used during the spring and summer troll fisheries. ....</i>	
<b>PROPOSAL 170</b> .....	<b>185</b>
<i>Add waters closed to commercial fishing in Sudden Stream and Malaspina Lake</i>	
HERRING (20 proposals).....	186
Sitka Herring.....	186
<b>PROPOSAL 171</b> .....	<b>186</b>
<i>Modify spawning biomass threshold minimum and maximum harvest rates for the herring sac roe fishery in Sections 13-A and 13-B.....</i>	
<b>PROPOSAL 172</b> .....	<b>186</b>
<i>Reduce upper end of sliding scale harvest rate for Southeast Alaska commercial herring fisheries from 20 to 15 percent .....</i>	
<b>PROPOSAL 173</b> .....	<b>186</b>
<i>Eliminate provisions to establish a guideline harvest level for the Sitka Sound herring sac roe herring fishery under 27.160.....</i>	
<b>PROPOSAL 174</b> .....	<b>188</b>
<i>Establish a maximum guideline harvest level and minimum spawning biomass to conduct fisheries for the Sitka Sound sac roe herring fishery. ....</i>	
<b>PROPOSAL 175</b> .....	<b>189</b>
<i>Establish a 15,000 ton harvest limit for the Sitka Sound sac roe fishery. ....</i>	
<b>PROPOSAL 176</b> .....	<b>190</b>
<i>Reduce the maximum harvest rate from 20 percent to 10 percent for the Sitka Sound herring sac roe fishery. ....</i>	
<b>PROPOSAL 177</b> .....	<b>191</b>
<i>Reduce the minimum harvest rate to 10 percent and increase the threshold that allows for a fishery from 25,000 tons to 50,000 tons for the Sitka Sound herring sac roe fishery. ....</i>	
<b>PROPOSAL 178</b> .....	<b>192</b>
<i>Expand waters closed to commercial sac roe herring fishery to include the majority of waters herring having historically spawned in and the fishery has historically occurred. ....</i>	
<b>PROPOSAL 179</b> .....	<b>193</b>
<i>Expand waters closed the Sitka Sound herring sac roe fishery to include Promisla Bay. ....</i>	
<b>PROPOSAL 180</b> .....	<b>193</b>
<i>Correct latitude of Aspid Cape for the southern boundary of the Section 13-B purse seine sac roe herring fishery.....</i>	
<b>PROPOSAL 181</b> .....	<b>193</b>

<i>Establish provisions for conducting test setting in the Sitka Sound herring sac roe fishery.</i> .....	193
<b>PROPOSAL 182</b> .....	<b>194</b>
<i>Establish provisions for a herring sac roe purse seine permit holder participating in the Sitka Sound sac roe herring fishery to use open pound instead of purse seine fishing gear.</i> .....	194
Herring Spawn on Kelp .....	196
<b>PROPOSAL 183</b> .....	<b>196</b>
<i>Add the Sitka Sound area in Sections 13-A and B as open area to northern spawn on kelp permit holders and limit pound type to open pounds.</i> .....	196
<b>PROPOSAL 184</b> .....	<b>197</b>
<i>Expand open area in Section 3-B for placement spawn on kelp pounds and to seining for taking of herring for pounds.</i> .....	197
<b>PROPOSAL 185</b> .....	<b>197</b>
<i>Expand open area in Section 3-B for spawn on kelp pounds and to seining for taking of herring for pounds</i> .....	197
<b>PROPOSAL 186</b> .....	<b>198</b>
<i>Expand open area in Section 3-B for spawn on kelp pounds and to seining for taking of herring for pounds.</i> .....	198
<b>PROPOSAL 187</b> .....	<b>198</b>
<i>Allow the use of large mesh webbing to surround spawn on kelp pound structure to protect structure and spawn on kelp product.</i> .....	198
All Commercial Herring .....	199
<b>PROPOSAL 188</b> .....	<b>199</b>
<i>Limit the number days and limit the number of hours in a day commercial herring activity may occur, require observers for commercial herring fishing, require reporting of bycatch in fishery announcements, and limit the overall commercial harvest of herring in Southeast Alaska to 15,000 tons.</i> .....	199
<b>PROPOSAL 189</b> .....	<b>200</b>
<i>Reduce by half the length limit of purse seine net for commercial herring harvest.</i> .....	200
<b>PROPOSAL 190</b> .....	<b>200</b>
<i>Provide for co-management of herring fisheries with tribal governments.</i> .....	200
COMMERCIAL, SUBSISTENCE, SPORT, PERSONAL USE GROUND FISH (21 proposals).....	201
General Groundfish.....	201
<b>PROPOSAL 191</b> .....	<b>201</b>
<i>Amend logbook requirements for vessels fishing for groundfish with pot and longline gear</i> .....	201

<b>PROPOSAL 192</b> .....	<b>202</b>
<i>Allow pots used in the personal use bottomfish fishery to be longlined.</i> .....	202
<b>PROPOSAL 193</b> .....	<b>203</b>
<i>In state waters of the Eastern Gulf of Alaska Area, allow CFEC permit holders fishing for groundfish or halibut with mechanical jig and hand troll gear to use a deepwater release mechanism to return rockfish to the ocean.</i> .....	203
Sablefish.....	204
<b>PROPOSAL 194</b> .....	<b>204</b>
<i>Reduce the minimum inside diameter of circular escape rings from three and three-fourths inches to three and one-half inches on pots used to take sablefish in the subsistence, commercial, and personal use sablefish fisheries</i> .....	204
<b>PROPOSAL 195</b> .....	<b>205</b>
<i>Change the Southern Southeast Inside (SSEI) Subdistrict sablefish fishery season opening and closing dates to be concurrent with the federal Individual Fishing Quota (IFQ) sablefish fishery season dates.</i> .....	205
<b>PROPOSAL 196</b> .....	<b>205</b>
<i>Reduce the minimum inside diameter of escape rings in commercial sablefish pots to three and three-eighths inches</i> .....	205
<b>PROPOSAL 197</b> .....	<b>206</b>
<i>Clarify and amend existing regulations regarding subsistence, personal use, and commercial groundfish fisheries in the Northern Southeast Inside Subdistrict and the Southern Southeast Inside Subdistrict</i> .....	206
<b>PROPOSAL 198</b> .....	<b>207</b>
<i>Increase the daily bag limit for sablefish in the sport fishery.</i> .....	207
Lingcod .....	208
<b>PROPOSAL 199</b> .....	<b>208</b>
<i>Add a weather delay provision that would postpone the opening date of the directed demersal shelf rockfish and directed lingcod fisheries if weather forecast meets gale warning or higher criteria in management areas in the Eastern Gulf of Alaska Area</i> .....	208
<b>PROPOSAL 200</b> .....	<b>209</b>
<i>Adopt a catch reporting requirement for directed lingcod fisheries</i> .....	209
<b>PROPOSAL 201</b> .....	<b>210</b>
<i>Clarify lingcod bycatch overage requirements in the Southeast District fisheries for longline halibut and salmon troll fisheries</i> .....	210
<b>PROPOSAL 202</b> .....	<b>211</b>
<i>Clarify that only one line can be used for dinglebar gear in the lingcod fishery</i> ...	211
<b>PROPOSAL 203</b> .....	<b>212</b>
<i>Establish unguided nonresident lingcod regulations.</i> .....	212

Pacific cod.....	212
<b>PROPOSAL 204</b> .....	<b>212</b>
<i>Allow pots to be longlined in the state waters of the Eastern Gulf of Alaska commercial Pacific cod fishery.....</i>	<i>212</i>
<b>PROPOSAL 205</b> .....	<b>213</b>
<i>Allow personal use retention of Pacific cod and rockfishes, including thornyhead rockfish, in pot gear .....</i>	<i>213</i>
Rockfish.....	213
<b>PROPOSAL 206</b> .....	<b>213</b>
<i>Reopen yelloweye sport fishery for residents.....</i>	<i>213</i>
<b>PROPOSAL 207</b> .....	<b>214</b>
<i>Allow retention of demersal shelf rockfish by nonresidents .....</i>	<i>214</i>
<b>PROPOSAL 208</b> .....	<b>215</b>
<i>Allow retention of demersal shelf rockfish by nonresidents .....</i>	<i>215</i>
<b>PROPOSAL 209</b> .....	<b>215</b>
<i>Establish provisions for a resident priority within emergency order authority for pelagic rockfish.....</i>	<i>215</i>
<b>PROPOSAL 210</b> .....	<b>216</b>
<i>Reduce the bag and possession limit for pelagic rockfish in Southeast Alaska.....</i>	<i>216</i>
<b>PROPOSAL 211</b> .....	<b>216</b>
<i>Clarify regulations regarding fish ticket documentation of rockfish overages in the groundfish and halibut fisheries. Also, add a demersal shelf rockfish (DSR) overage reporting requirement for the Eastern Gulf of Alaska salmon troll fishery .....</i>	<i>217</i>
SUBSISTENCE SHELLFISH, COMMERCIAL AND SPORT SHRIMP, COMMERCIAL AND SPORT OTHER MISCELLANEOUS SHELLFISH (21 proposals).....	218
Geoduck clam .....	218
<b>PROPOSAL 212</b> .....	<b>218</b>
<i>Allow the number of geoduck permit holders able to fish from one vessel to be increased from two to four by emergency order.....</i>	<i>218</i>
<b>PROPOSAL 213</b> .....	<b>218</b>
<i>Modify how geoduck guideline harvest levels are calculated. ....</i>	<i>218</i>
<b>PROPOSAL 214</b> .....	<b>219</b>
<i>Allow for areas that have been closed for 5 years as a result of the estimated geoduck biomass dropping below 30% of the original biomass estimate to be resurveyed and potentially reopened. ....</i>	<i>219</i>
<b>PROPOSAL 215</b> .....	<b>220</b>
<i>Give the department the authority to experiment with reduced guideline harvest levels in sea otter impacted areas where the current biomass estimate is less than 30 percent of the original biomass estimate. ....</i>	<i>220</i>

<b>PROPOSAL 216</b> .....	<b>221</b>
<i>Clarify that only aquatic farm sites approved for the culture of geoduck clams are closed to commercial harvest of geoduck clams.</i> .....	
Sea cucumber .....	221
<b>PROPOSAL 217</b> .....	<b>221</b>
<i>Allow weekly fishing periods to begin on Sundays</i> .....	
<b>PROPOSAL 218</b> .....	<b>222</b>
<i>Extend sea cucumber fishing season beyond March 31.</i> .....	
<b>PROPOSAL 219</b> .....	<b>223</b>
<i>Clarify when a sea cucumber permit holder is in possession of the product they harvested.</i> .....	
<b>PROPOSAL 220</b> .....	<b>223</b>
<i>Allow crew members to be in possession of sea cucumbers harvested by the sea cucumber permit holder.</i> .....	
<b>PROPOSAL 221</b> .....	<b>224</b>
<i>Prohibit harvest of naturally occurring sea cucumbers on aquatic farm sites by farm operator in areas where there are commercial sea cucumber fisheries.</i> .....	
Shrimp.....	225
<b>PROPOSAL 222</b> .....	<b>225</b>
<i>Adopt seasonal closures for subsistence, sport, and personal use shrimp fisheries</i> .....	
<b>PROPOSAL 223</b> .....	<b>225</b>
<i>Increase the tunnel size for sport, personal use, and subsistence shrimp pots.</i> .....	
<b>PROPOSAL 224</b> .....	<b>227</b>
<i>Revert shrimp pot season from May 15 opening date back to October 1.</i> .....	
<b>PROPOSAL 225</b> .....	<b>227</b>
<i>Revert shrimp pot season from May 15 opening date to October 1 or to another start date in late summer/early fall.</i> .....	
<b>PROPOSAL 226</b> .....	<b>228</b>
<i>Provide for further conservation in the shrimp pot fishery by reducing all GHs by 20%, reducing the number of pots allowed by 40–50%, and eliminating the large pot size.</i> .....	
<b>PROPOSAL 227</b> .....	<b>229</b>
<i>Allow for more than one CFEC shrimp pot permit holder to fish from the same vessel and jointly operate pot gear in aggregate of no more than 50% allowed gear for the additional permit.</i> .....	
<b>PROPOSAL 228</b> .....	<b>229</b>
<i>Redefine legal shrimp pot requirements to allow for the use slinky pots.</i> .....	
<b>PROPOSAL 229</b> .....	<b>231</b>

<i>Repeal redundant descriptions of Southeast Alaska districts and sections in 5 AAC 31.105, update 33.200 with District 10 section descriptions, add Section 6-E to District 6 shrimp pot fishing areas, and update regulations that refer to 5 AAC 31.105.</i> .....	231
Miscellaneous shellfish.....	237
<b>PROPOSAL 230</b> .....	<b>237</b>
<i>Establish a commercial jig fishery for squid.</i> .....	237
<b>PROPOSAL 231</b> .....	<b>238</b>
<i>Establish a commercial jig fishery for squid.</i> .....	238
<b>PROPOSAL 232</b> .....	<b>238</b>
<i>Allow for the concurrent possession of red and green urchin aboard.</i> .....	238
COMMERCIAL AND SPORT CRAB (30 proposals) .....	239
Golden king crab.....	239
<b>PROPOSAL 233</b> .....	<b>239</b>
<i>Change the criteria for setting the season start date for the Registration A golden king crab commercial fishery to fall within the smallest set of falling tides between February 10 and 17.</i> .....	239
<b>PROPOSAL 234</b> .....	<b>240</b>
<i>Change the start time for the Registration Area A commercial golden king crab fishery from 12:00 noon to 8:00 a.m. on the day the fishery opens.</i> .....	240
<b>PROPOSAL 235</b> .....	<b>240</b>
<i>Add freezing spray to the criteria that would delay the start date of commercial golden king crab fishery in Registration Area A.</i> .....	240
<b>PROPOSAL 236</b> .....	<b>240</b>
<i>Increase the depth that Registration Area A commercial king crab fishery pots can be stored to 20 fathoms.</i> .....	240
<b>PROPOSAL 237</b> .....	<b>241</b>
<i>Expand the defined Lower Chatham Strait Area in the golden king crab commercial fishery in Registration Area A to include a portion of District 5.</i> .....	241
<b>PROPOSAL 238</b> .....	<b>242</b>
<i>Expand the defined Southern Area in the golden king crab commercial fishery in Registration Area A to include all waters of Section 3-A.</i> .....	242
<b>PROPOSAL 239</b> .....	<b>243</b>
<i>Divide the defined Northern Area of the golden king crab fishery in Registration Area A into two areas and split the current guideline harvest level between the two new areas</i> .....	243
<b>PROPOSAL 240</b> .....	<b>244</b>

<i>Allow participants in the Registration Area A Tanner and golden king crab fisheries to have Tanner crab aboard their vessel while fishing for golden king crab in a closed commercial Tanner crab area. ....</i>	244
Red king crab .....	245
<b>PROPOSAL 241</b> .....	<b>245</b>
<i>Allow a vessel participating in a Registration Area A king crab fishery to operate groundfish coil spring pots to catch bait. ....</i>	245
<b>PROPOSAL 242</b> .....	<b>246</b>
<i>Allocate 100% of the Section 11-A red king crab guideline harvest level to the personal use fishery, 70% for summer harvest and 30% for fall/winter harvest. ..</i>	246
<b>PROPOSAL 243</b> .....	<b>248</b>
<i>Adopt a biologically based harvest strategy for the commercial red and blue king crab fishery along with a bag and possession limit maximum for the personal use fishery and adopt new management measures for the red and blue king crab fishery .....</i>	248
Tanner crab .....	251
<b>PROPOSAL 244</b> .....	<b>251</b>
<i>Change the criteria for setting the season start date for the Registration Area A Tanner crab commercial fishery to fall within the smallest set of falling tides between February 10 and 17. ....</i>	251
<b>PROPOSAL 245</b> .....	<b>251</b>
<i>Change the start time for the Registration Area A commercial Tanner crab fishery from 12:00 noon to 8:00 a.m. on the day the fishery opens.....</i>	251
<b>PROPOSAL 246</b> .....	<b>252</b>
<i>Add freezing spray to the criteria that would delay the start date of commercial Tanner crab fishery in Registration Area A.....</i>	252
<b>PROPOSAL 247</b> .....	<b>252</b>
<i>Increase the depth that Registration Area A commercial Tanner crab fishery pots can be stored to 20 fathoms. ....</i>	252
<b>PROPOSAL 248</b> .....	<b>253</b>
<i>Allow a vessel participating in a Registration Area A Tanner crab fishery to operate groundfish coil spring pots to catch bait. ....</i>	253
<b>PROPOSAL 249</b> .....	<b>253</b>
<i>Allow Tanner crab commercial fishery participants to operate pot gear for subsistence, personal use, or sport fisheries after unregistering from the commercial fishery.....</i>	253
Dungeness crab .....	254
<b>PROPOSAL 250</b> .....	<b>254</b>

<i>Reduce the minimum size limit for male Dungeness crab from six and one-half inches to six and one-quarter inches in the Registration A subsistence and personal use fisheries.....</i>	<i>254</i>
<b>PROPOSAL 251 .....</b>	<b>255</b>
<i>Change the start date of the Registration Area A Dungeness crab commercial fishery's summer season from June 15 to July 1. ....</i>	<i>255</i>
<b>PROPOSAL 252 .....</b>	<b>257</b>
<i>Allow a vessel participating in a Registration Area A Dungeness crab fishery to operate groundfish coil spring pots to catch bait. ....</i>	<i>257</i>
<b>PROPOSAL 253 .....</b>	<b>257</b>
<i>Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery .....</i>	<i>257</i>
<b>PROPOSAL 254 .....</b>	<b>258</b>
<i>Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery .....</i>	<i>258</i>
<b>PROPOSAL 255 .....</b>	<b>258</b>
