

ALASKA BOARD OF FISHERIES

**Southeast/Yakutat Finfish and Shellfish
January 28-February 9, 2025 Ted Ferry Civic Center, Ketchikan**

PRELIMINARY SUMMARY OF ACTIONS (thru 2/9/2025)

This summary is informational only, and the actions indicated below will not be in effect until officially adopted into 5 AAC by the Lieutenant Governor's office. All documents for this meeting, including this summary, can be found on the board's website at: <https://www.adfg.alaska.gov/index.cfm?adfg=fisheriesboard.meetinginfo&date=01-28-2025&meeting=ketchikan>

Board Members Present

Märit Carlson-Van Dort, Chair Tom Carpenter, Vice-chair
Curt Chamberlain Gerad Godfrey
Greg Svendsen Mike Wood
Stan Zuray

C=Carried, C/A=Carried as Amended, F=Failed, F/A=Failed as Amended, N/A=No Action

Action	Prop #	Proposal	Audio Tracking Info¹
<i>Commercial and Sport Crab (30 Proposals)</i>			
C/A 7-0	233	Change the criteria for setting the season start date for the Registration A golden king crab commercial fishery to fall within the smallest set of falling tides between February 10 and 17. <i>Amended with substitute language found in RC 44.</i>	
N/A 7-0	234	Change the start time for the Registration Area A commercial golden king crab fishery from 12:00 noon to 8:00 a.m. on the day the fishery opens. <i>The board took no action on this proposal due to their action on proposal 233.</i>	
N/A	235	Add freezing spray to the criteria that would delay the start date of commercial golden king crab fishery in Registration Area A. <i>The board took no</i>	

¹ Links to the audio recordings can be found at the bottom of the [meeting page](#). Follow the link to the audio for each meeting day and then scroll down and select the time indicated for when the discussion on that proposal or agenda item began.

		<i>action on this proposal due to their action on proposal 233.</i>	
F 0-7	236	Increase the depth that Registration Area A commercial king crab fishery pots can be stored to 20 fathoms.	
C 7-0	237	Expand the defined Lower Chatham Strait Area in the golden king crab commercial fishery in Registration Area A to include a portion of District 5.	
C 7-0	238	Expand the defined Southern Area in the golden king crab commercial fishery in Registration Area A to include all waters of Section 3-A.	
C/A 7-0	239	Divide the defined Northern Area of the golden king crab fishery in Registration Area A into two areas and split the current guideline harvest level between the two new areas. <i>Amended with Guideline Harvest Ranges of 0-81,000 lbs for the Upper Northern Area 0-64,000 lbs for the Lower Northern Area.</i>	
F 0-7	240	Allow participants in the Registration Area A Tanner and golden king crab fisheries to have Tanner crab aboard their vessel while fishing for golden king crab in a closed commercial Tanner crab area.	
C/A 7-0	241	Allow a vessel participating in a Registration Area A king crab fishery to operate groundfish coil spring pots to catch bait. <i>Amended with substitute language found in RC55.</i>	
F 0-7	242	Allocate 100% of the Section 11-A red king crab guideline harvest level to the personal use fishery, 70% for summer harvest and 30% for fall/winter harvest.	
C 7-0	243	Adopt a biologically based harvest strategy for the commercial red and blue king crab fishery along with a bag and possession limit maximum for the personal use fishery and adopt new management measures for the red and blue king crab fishery.	
C/A 7-0	244	Change the criteria for setting the season start date for the Registration Area A Tanner crab commercial fishery	

Board of Fisheries

Summary of Actions – Southeast/Yakutat Finfish and Shellfish

Jan 28-Feb 9, 2025

		to fall within the smallest set of falling tides between February 10 and 17. <i>Amended with substitute language found in RC45.</i>	
N/A	245	Change the start time for the Registration Area A commercial Tanner crab fishery from 12:00 noon to 8:00 a.m. on the day the fishery opens. <i>The board took no action on this proposal due to their action on proposal 244.</i>	
N/A	246	Add freezing spray to the criteria that would delay the start date of commercial Tanner crab fishery in Registration Area A. <i>The board took no action on this proposal due to their action on proposal 244.</i>	
F 0-7	247	Increase the depth that Registration Area A commercial Tanner crab fishery pots can be stored to 20 fathoms.	
N/A	248	Allow a vessel participating in a Registration Area A Tanner crab fishery to operate groundfish coil spring pots to catch bait. <i>The board took no action on this proposal due to their action on proposal 241.</i>	
C/A 7-0	249	Allow Tanner crab commercial fishery participants to operate pot gear for subsistence, personal use, or sport fisheries after unregistering from the commercial fishery. <i>Amended with substitute language found in RC53.</i>	
F 0-7	250	Reduce the minimum size limit for male Dungeness crab from six and one-half inches to six and one-quarter inches in the Registration A subsistence and personal use fisheries.	
F 1-6	251	Change the start date of the Registration Area A Dungeness crab commercial fishery’s summer season from June 15 to July 1.	
N/A	252	Allow a vessel participating in a Registration Area A Dungeness crab fishery to operate groundfish coil spring pots to catch bait. <i>The board took no action on this proposal because the proposal’s author withdrew their support (RC43).</i>	

N/A	253	Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery. <i>The board took no action on this proposal due to their action on proposal 257.</i>	
N/A	254	Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery. <i>The board took no action on this proposal due to their action on proposal 257.</i>	
C 7-0	255	Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial, personal use, or subsistence shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery.	
N/A	256	Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery. In addition, permit holders may not register and participate in the Dungeness and shrimp pot commercial fisheries concurrently. <i>The board took no action on this proposal due to their action on proposal 257.</i>	
C 7-0	257	Allow a person or vessel to participate in the Registration Area A commercial Dungeness crab fishery if they operated commercial shrimp pots during the 14 days immediately before the opening of the commercial Dungeness crab fishery.	
F 0-7	258	Open some or all areas closed to commercial Dungeness fishing in Registration Area A.	
F 0-7	259	Open all waters closed to commercial Dungeness fishing in Registration Area	

		A between October 1 and November 30, annually.	
F 0-7	260	Close George Inlet, Carroll Inlet, and Thorne Arm in District 1 to the commercial harvest of shrimp and crab.	
F 0-7	261	Close Traitors Cove to commercial and sport shellfish harvest.	
C 5-2	262	Close sport fishing for Dungeness crab in Thorne Bay.	
<i>Commercial, Subsistence, Sport, and Personal Use Groundfish (21 Proposals)</i>			
C 7-0	191	Amend logbook requirements for vessels fishing for groundfish with pot and longline gear.	
C 7-0	192	Allow pots used in the personal use bottomfish fishery to be longlined.	
F 0-7	193	In state waters of the Eastern Gulf of Alaska Area, allow CFEC permit holders fishing for groundfish or halibut with mechanical jig and hand troll gear to use a deepwater release mechanism to return rockfish to the ocean.	
C 7-0	194	Reduce the minimum inside diameter of circular escape rings from three and three-fourths inches to three and one-half inches on pots used to take sablefish in the subsistence, commercial, and personal use sablefish fisheries.	
F 0-7	195	Change the Southern Southeast Inside (SSEI) Subdistrict sablefish fishery season opening and closing dates to be concurrent with the federal Individual Fishing Quota (IFQ) sablefish fishery season dates.	
N/A	196	Reduce the minimum inside diameter of escape rings in commercial sablefish pots to three and three-eighths inches. <i>The board took no action on this proposal because the the proposal author's withdrew their support (RC57).</i>	
C/A 7-0	197	Clarify and amend existing regulations regarding subsistence, personal use, and commercial groundfish fisheries in the Northern Southeast Inside Subdistrict and the Southern Southeast Inside	

		Subdistrict. <i>Amended with substitute language found in. RC60.</i>	
C 7-0	198	Increase the daily bag limit for sablefish in the sport fishery.	
C/A 7-0	199	Add a weather delay provision that would postpone the opening date of the directed demersal shelf rockfish and directed lingcod fisheries if weather forecast meets gale warning or higher criteria in management areas in the Eastern Gulf of Alaska Area. <i>Amended with substitute language found in RC62. Further amended to include freezing spray (freezing spray amendment intended to be similar to the wording in RC44.)</i>	
C 7-0	200	Adopt a catch reporting requirement for directed lingcod fisheries.	
C/A 7-0	201	Clarify lingcod bycatch overage requirements in the Southeast District fisheries for longline halibut and salmon troll fisheries. <i>Amended with substitute language found in. RC61.</i>	
C 7-0	202	Clarify that only one line can be used for dinglebar gear in the lingcod fishery.	
F 0-7	203	Establish unguided nonresident lingcod regulations.	
C 7-0	204	Allow pots to be longlined in the state waters of the Eastern Gulf of Alaska commercial Pacific cod fishery.	
C 7-0	205	Allow personal use retention of Pacific cod and rockfishes, including thornyhead rockfish, in pot gear.	
C 7-0	206	Reopen yelloweye sport fishery for residents.	
N/A	207	Allow retention of demersal shelf rockfish by nonresidents. <i>The board took no action on this proposal due to their action on proposal 208.</i>	
C/A 6-1	208	Allow retention of demersal shelf rockfish by nonresidents. <i>Amended with substitute language found in. RC50.</i>	
C/A 7-0	209	Establish provisions for a resident priority within emergency order authority for pelagic rockfish. <i>Amended with substitute language intended to be</i>	

		<i>similar to what is currently in 5 AAC 47.065, but for pelagic rockfish instead with proposal language specific to resident harvest captured in the regulation preamble..</i>	
C 7-0	210	Reduce the bag and possession limit for pelagic rockfish in Southeast Alaska.	
C/A 7-0	211	Clarify regulations regarding fish ticket documentation of rockfish overages in the groundfish and halibut fisheries. Also, add a demersal shelf rockfish (DSR) overage reporting requirement for the Eastern Gulf of Alaska salmon troll fishery. <i>Amended with substitute language found in. RC54.</i>	
<i>Subsistence Shellfish, Commercial and Sport Shrimp, and Commercial and Sport Other Miscellaneous Shellfish (21 Proposals)</i>			
C/A 7-0	212	Allow the number of geoduck permit holders able to fish from one vessel to be increased from two to four by emergency order. <i>Amended with substitute language found in RC73.</i>	
F 0-7	213	Modify how geoduck guideline harvest levels are calculated.	
F 0-7	214	Allow for areas that have been closed for 5 years as a result of the estimated geoduck biomass dropping below 30% of the original biomass estimate to be resurveyed and potentially reopened.	
F 0-7	215	Give the department the authority to experiment with reduced guideline harvest levels in sea otter impacted areas where the current biomass estimate is less than 30 percent of the original biomass estimate.	
C 7-0	216	Clarify that only aquatic farm sites approved for the culture of geoduck clams are closed to commercial harvest of geoduck clams.	
F 0-7	217	Allow weekly fishing periods to begin on Sundays.	
C/A 7-0	218	Extend sea cucumber fishing season beyond March 31. <i>Proposal amended to say the department may extend the sea cucumber season through April 30.</i>	

F 0-7	219	Clarify when a sea cucumber permit holder is in possession of the product they harvested.	
F 0-7	220	Allow crew members to be in possession of sea cucumbers harvested by the sea cucumber permit holder.	
F 3-4	221	Prohibit harvest of naturally occurring sea cucumbers on aquatic farm sites by farm operator in areas where there are commercial sea cucumber fisheries.	
C 7-0	222	Adopt seasonal closures for subsistence, sport, and personal use shrimp fisheries.	
F 0-7	223	Increase the tunnel size for sport, personal use, and subsistence shrimp pots.	
F 0-7	224	Revert shrimp pot season from May 15 opening date back to October 1.	
N/A	225	Revert shrimp pot season from May 15 opening date to October 1 or to another start date in late summer/early fall. <i>The board took no action on this proposal due to their action on proposal 224.</i>	
F 0-7	226	Provide for further conservation in the shrimp pot fishery by reducing all GHs by 20%, reducing the number of pots allowed by 40–50%, and eliminating the large pot size.	
F 0-7	227	Allow for more than one CFEC shrimp pot permit holder to fish from the same vessel and jointly operate pot gear in aggregate of no more than 50% allowed gear for the additional permit.	
C/A 7-0	228	Redefine legal shrimp pot requirements to allow for the use of slinky pots. <i>Amended with substitute language found in RC71.</i>	
C/A 7-0	229	Repeal redundant descriptions of Southeast Alaska districts and sections in 5 AAC 31.105, update 5 AAC 33.200 with District 10 section descriptions, add Section 6-E to District 6 shrimp pot fishing areas, and update regulations that refer to 5 AAC 31.105. <i>Amended with substitute language found in RC72.</i>	
F 2-5	230	Establish a commercial jig fishery for squid.	

N/A	231	Establish a commercial jig fishery for squid. <i>The board too no action on this proposal due to their action on proposal 230.</i>	
C/A 7-0	232	Allow for the concurrent possession of red and green urchin aboard. <i>Amended with substitute language found in RC74.</i>	
King Salmon (32 Proposals)			
F 0-7	104	Allocate 5,000 king salmon for the Alaska’s all gear quota to a king salmon subsistence fishery and establish provisions for king salmon subsistence fishery.	
C/A 7-0	105	Modify sport fishing regulations in salt waters subject to the Magnuson-Stevens Act by removing differential regulations for resident and nonresident anglers. <i>Amended with substitute language found RC80.</i>	
F 0-7	108	Modify management and allocation provisions of the Southeast Alaska King Salmon Management Plan.	
C/A 5-2	109	Modify the structure of the Southeast Alaska King Salmon Management Plan by removing management tiers and other provisions. <i>Amended with substitute language found in RC140 and further amended to change the allocation to 77% troll / 23% sport..</i>	
N/A	110	Manage the sport fishery inseason to achieve the annual king salmon allocation to the sport fishery. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	111	Modify the management provisions and target allocation for the king salmon sport fishery. <i>The board took no action on this proposal due to the proposal author’s withdrawal of support in RC148.</i>	
N/A	112	Modify the sport allocation of king salmon and provisions for management. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	

N/A	113	Modify the provisions of the Southeast Alaska King Salmon Management Plan and increase the sport allocation of king salmon. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	114	Reduce the nonresident annual limit in low allocation management tiers and other modifications to the Southeast Alaska King Salmon Management Plan. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	115	Reduce the nonresident annual limit for king salmon to one fish. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	116	Reduce the nonresident annual limit for king salmon to two fish prior to July 1 and one fish after July 1. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	117	Reduce the nonresident annual limit for king salmon to two fish prior to July 1 and one fish after July 1. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC145.</i>	
N/A	118	The nonresident annual limit for king salmon shall not exceed three and nonresident annual limits will not apply in terminal harvest areas. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	119	Close the nonresident sport fishery for king salmon for 2 days per week. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	120	Close the nonresident sport fishery for king salmon on weekends. <i>The board took no action on this proposal due to the action taken on proposal 109.</i>	
N/A	121	Extend the sunset provisions in the Southeast Alaska King Salmon Management Plan. <i>The board took no</i>	

		<i>action on this proposal due to the action taken on proposal 109.</i>	
N/A	106	Prohibit nonresidents on charter vessels that have taken fish in the EEZ from offloading those fish in state waters. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC146.</i>	
N/A	107	Prohibit nonresidents that have taken fish in the EEZ from possessing or offloading those fish in state waters. <i>The board took no action on this proposal due to lack of legal authority and because it would violate National Standard #10 of the Magnuson-Stevens Act.</i>	
F 1-6	122	Prohibit the removal of king salmon from the water when retention is not allowed.	
F 0-7	123	Prohibit netting or handling king salmon when catch-and-release fishing is implemented.	
F 0-7	124	Modify resident sport fishing opportunity prescribed by Southeast Alaska king salmon action plans.	
C/A 7-0	125	Close sport fishing for king salmon in District 14A when a stock of concern exists for king salmon stocks in Northern Southeast Alaska. <i>Amended to add, "this would only apply while the Taku and King Salmon Rivers Chinook Salmon Stock of Concern Action Plan is in effect."</i>	
N/A	126	Close sport fishing for king salmon in District 14A. <i>The board took no action on this proposal due to the action taken on proposal 125.</i>	
F 0-7	127	Allow residents to retain king salmon in the month of April near Ketchikan.	
N/A	128	Allow residents to retain king salmon in the month of April in the Ketchikan area. <i>The board took no action on this proposal due to the action taken on proposal 127.</i>	
C 7-0	129	Increase the number of days open in the Yakutat Bay spring troll fishery from 1 day to 2 days.	

F 0-7	130	Allow for remaining troll king salmon allocation after winter and spring troll fisheries to be harvested during a single retention period beginning July 1.	
C/A 7-0	131	Establish criteria for establishing a limited harvest troll fishery in August and allow for more than one limited harvest fishery to occur. <i>Amended with substitute language found in RC139.</i>	
F 0-7	132	Establish a minimum size limit for king salmon of 26 1/2 inches from snout to fork of tail in the spring troll fisheries.	
N/A	133	Allow for king salmon of 26 1/2 inches snout to fork length be retained in District 13 spring troll fisheries. <i>The board took no action on this proposal due to the action taken on proposal 132.</i>	
N/A	134	Expand landing and retention requirements for king salmon by purse seine permit holders and establish penalties for violating landing requirements. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC117.</i>	
F 0-7	169	Allow use of two fishing rods used in conjunction with a down rigger or hand troll gurdy to be used during the spring and summer troll fisheries.	
<i>Subsistence, Commercial, Personal Use, and Sport Salmon and Trout; Enhancement and Terminal Harvest Areas (35 Proposals)</i>			
C/A 7-0	135	Only allow for the use of seine gear in the Redoubt Bay subsistence fishery when the escapement is projected to be greater than 40,000 sockeye salmon. <i>Amended with substitute language found in RC94.</i>	
F 0-7	136	Increase sockeye salmon possession and annual limits at Basket Bay.	
C 7-0	137	Increase the possession limit of sockeye salmon for Basket Bay from 15 to 30 sockeye salmon.	
F 2-5	138	Prohibit snagging in the Mendenhall Wildlife Refuge.	
C/A 7-0	139	Prohibit snagging within Don D. Statter harbor. <i>Amended to close snagging</i>	

Board of Fisheries

Summary of Actions – Southeast/Yakutat Finfish and Shellfish

Jan 28-Feb 9, 2025

		<i>inside of a line from Wadleigh Creek to an ADF&G marker on the other side of Auke Bay.</i>	
F 0-7	140	Sport fishing may only be conducted with a single barbless circle hook between April 1 and June 14	
F 0-7	141	Prohibit the use of bait in sport fisheries between April 1 through June 14.	
C 7-0	142	Open Ketchikan Creek to sport fishing year-round and establish bag and possession limits for king salmon.	
F 0-7	143	Increase the bag and possession limit for trout in Southeast Alaska.	
N/A	144	Increase harvest opportunity for trout in Southeast Alaska. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC118.</i>	
C/A 7-0	145	Increase harvest opportunity for trout in Klawock Lake drainage. <i>Amended to reduce the minimum size limit from 14 to 11 inches but retain the current bag and possession limit.</i>	
F 0-7	146	Increase the bag and possession limit for rainbow and cutthroat trout in 108 Creek drainage.	
C 7-0	147	Increase the bag and possession limit for rainbow and cutthroat trout and prohibit the use of bait in Neck Lake.	
C 7-0	148	Modify Eagle Lake cutthroat trout bag and possession and size limit.	
F 0-7	149	Prohibit the use of bait and establish a catch-and-release fishery with single barbless hooks in Petersen Creek.	
F 3-4	150	Change the weekly subsistence fishing periods in the Yakutat Area from 6:00 a.m. to 12:01 a.m. start time and 6:00 p.m. to 11:59 p.m. end time.	
C/A 7-0	151	Modify the nonresident annual limit for king salmon in the freshwaters of the Yakutat management area and the Situk River. <i>Amended to reduce the nonresident annual limit in the freshwaters of the Yakutat Area to one fish 20 inches or greater and only open the season for nonresidents if retention</i>	

		<i>of king salmon is allowed in the state subsistence fishery.</i>	
C 7-0	152	Amend the Situk-Ahrnklin Inlet and Lost River King Salmon Fisheries Management Plan to reflect recent management strategies.	
C/A 7-0	153	Close a portion of the Situk River to sport fishing until the escapement goal for king salmon is met. <i>Amended with substitute language found in RC187.</i>	
F 0-7	154	Close sport fishing in a portion of the Situk River between April 15 and May 15.	
F 1-6	155	Increase the sport fish bag and possession limit for sockeye salmon in the fresh waters flowing into the Situk-Ahrnklin estuary.	
C 6-1	170	Add waters closed to commercial fishing in Sudden Stream and Malaspina Lake.	
F 2-5	156	Reduce Southeast Alaska hatchery permitted pink and chum salmon egg take level by 25%.	
C 7-0	157	Establish a terminal harvest area and associated management plan for harvesting hatchery produced salmon at Burnett Inlet.	
C 7-0	158	Modify boundaries of the Hidden Falls terminal harvest area (THA) for chum, king, and coho salmon and the Hidden Falls special harvest area (SHA) for chum and king salmon.	
C/A 7-0	159	Modify the Wrangell Narrows-Blind Slough Terminal Harvest Area Salmon Management Plan. <i>Amended with substitute language found in RC162.</i>	
N/A	160	Modify the Wrangell Narrows-Blind Slough Terminal Harvest Area Salmon Management Plan. <i>The board took no action on this proposal due to the action taken on proposal 159.</i>	
N/A	161	Reduce the sport fish bag limit for king salmon in the Blind Slough Terminal Harvest Area. <i>The board took no action on this proposal due to the action taken on proposal 159.</i>	

N/A	162	Reduce king salmon sport fish bag limits outside of the time when the Wrangell Narrows-Blind Slough Management Plan is in effect. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC163.</i>	
N/A	163	Nonresident annual limits for king salmon will apply in the Blind Slough terminal harvest area. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC163.</i>	
F 0-7	164	Modify king salmon bag and possession limits in the terminal harvest area near Juneau.	
F 0-7	165	Change the start time of weekly drift gillnet fishing periods from Sunday to Monday.	
N/A	166	Allow for drift gillnets to be up to 90 meshes deep in District 11 beginning statistical week 34. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC75.</i>	
N/A	167	Increase the legal length of purse seine by 50 fathoms. <i>The board took no action on this proposal due to the proposal author's withdrawal of support in RC82.</i>	
F 0-7	168	Modify regulations to make it unlawful to use aircraft for locating salmon during any open commercial purse seine fishing period.	
<i>Herring (20 Proposals)</i>			
C 5-2	171	Modify spawning biomass threshold minimum and maximum harvest rates for the herring sac roe fishery in Sections 13-A and 13-B.	
C 5-2	172	Reduce upper end of sliding scale harvest rate for Southeast Alaska commercial herring fisheries from 20 to 15 percent.	
N/A	173	Eliminate provisions to establish a guideline harvest level for the Sitka Sound herring sac roe herring fishery under 5 AAC 27.160. <i>The board took</i>	

		<i>no action on this proposal due to the action taken on proposal 171.</i>	
N/A	174	Establish a maximum guideline harvest level and minimum spawning biomass to conduct fisheries for the Sitka Sound sac roe herring fishery. <i>The board took no action on this proposal due to the action taken on proposal 171.</i>	
F 0-7	175	Establish a 15,000 ton harvest limit for the Sitka Sound sac roe fishery.	
N/A	176	Reduce the maximum harvest rate from 20 percent to 10 percent for the Sitka Sound herring sac roe fishery. <i>The board took no action on this proposal due to the action taken on proposal 175.</i>	
N/A	177	Reduce the minimum harvest rate to 10 percent and increase the threshold that allows for a fishery from 25,000 tons to 50,000 tons for the Sitka Sound herring sac roe fishery. <i>The board took no action on this proposal due to the action taken on proposal 175.</i>	
F 0-7	178	Expand waters closed to commercial sac roe herring fishery to include the majority of waters herring having historically spawned in and the fishery has historically occurred.	
F 3-4	179	Expand waters closed the Sitka Sound herring sac roe fishery to include Promisla Bay.	
C 7-0	180	Correct latitude of Aspid Cape for the southern boundary of the Section 13-B purse seine sac roe herring fishery.	
F/A 3-4	181	Establish provisions for conducting test setting in the Sitka Sound herring sac roe fishery. <i>Amended with substitute language found in RC196.</i>	
F 2-5	182	Establish provisions for a herring sac roe purse seine permit holder participating in the Sitka Sound sac roe herring fishery to use open pound instead of purse seine fishing gear.	
F 0-7	183	Add the Sitka Sound area in Sections 13-A and B as open area to northern spawn on kelp permit holders and limit pound type to open pounds.	

F 0-7	184	Expand open area in Section 3-B for placement spawn on kelp pounds and to seining for taking of herring for pounds.	
N/A	185	Expand open area in Section 3-B for spawn on kelp pounds and to seining for taking of herring for pounds. <i>The board took no action on this proposal due to the action taken on proposal 184.</i>	
N/A	186	Expand open area in Section 3-B for spawn on kelp pounds and to seining for taking of herring for pounds. <i>The board took no action on this proposal due to the action taken on proposal 184.</i>	
F 0-7	187	Allow the use of large mesh webbing to surround spawn on kelp pound structure to protect structure and spawn on kelp product.	
F 0-7	188	Limit the number days and limit the number of hours in a day commercial herring activity may occur, require observers for commercial herring fishing, require reporting of bycatch in fishery announcements, and limit the overall commercial harvest of herring in Southeast Alaska to 15,000 tons.	
F 0-7	189	Reduce by half the length limit of purse seine net for commercial herring harvest.	
	190	Provide for co-management of herring fisheries with tribal governments.	

Additional actions:

The board voted (5-2) to create a board-generated proposal on [RC67](#) and scheduled the matter for consideration at the board’s March 11-16, 2025 meeting in Anchorage. This new proposal is [Proposal 316](#).
