

PROPOSAL 103 – 5 AAC 85.045. Hunting seasons and bag limits for moose. Change the community subsistence harvest hunt season dates for moose to align to align with the general hunt as follows:

Align the season dates for the CSH moose season and the general moose hunt season: September 1 through September 20.

What is the issue you would like the board to address and why? Change season dates for the community subsistence moose hunt. By removing this early opener from the CSH and aligning the season date with the general season would level the playing field for all Alaskans, and possibly remove some of the interest in the current CSH.

PROPOSED BY: Anchorage Fish and Game Advisory Committee (HQ-F17-016)
