

PROPOSAL 57

5 AAC 92.540(11)(B). Controlled use areas.

Modify the Controlled Use Area in Unit 6B as follows:

Change the dates from August 15 – September 4, to August 25 – September 4 and strike the words “hunters or their gear.”

What is the issue you would like the board to address and why? Change the wording in the regulation so that other user groups are not confused as to if this regulation pertains to them. Also, the August 15 date was set back when the walk-in hunt started in late August. Now it starts the first of September.

PROPOSED BY: Robert Mattson Jr.
