

PROPOSAL 133

5 AAC 85.045. Hunting seasons and bag limits for moose.

5 AAC 92.530. Management areas.

Establish the Stampede Trail Management Area in Unit 20C for archery and muzzleloader hunting only as follows:

Unit 20C

(X) the Stampede Trail Management Area:

- A. the area consists of that portion of Unit 20(C) that includes the Stampede Trail, with a boundary of Denali National Park land on the South, West, and North sides, with the North boundary line (which travels from West to East) extending from the existing Park boundary line heading straight East to the Parks Highway.
- B. The area is open to hunting by bow and arrow or muzzleloader only.

What is the issue you would like the board to address and why? The Stampede Trail corridor in Unit 20C has seen a dramatic increase in hunting pressure over the last ten years. A direct contributor to this increased pressure is easy access from the highway, and the “any bull” harvest. We ask the Alaska Board of Game to create a Stampeded Trail Management area to make this an archery and muzzleloader only zone.

PROPOSED BY: Middle Nenana River Fish & Game Advisory Committee (EG-F19-080)
