

**PROPOSAL 136**

**5 AAC 92.085. Unlawful methods of taking big game; exceptions.**

Rescind the restriction on use of aircraft for locating Dall sheep for hunting as follows:

This language in 5 AAC 92.085(8) should be rescinded:

[FROM AUGUST 10 TO SEPTEMBER 20, AIRCRAFT MAY ONLY BE USED TO PLACE HUNTERS AND CAMPS, MAINTAIN EXISTING CAMPS, AND SALVAGE MEAT AND TROPHIES WHILE USED FOR THE PURPOSE OF DALL SHEEP HUNTING. USING AN AIRCRAFT FOR THE PURPOSE OF SPOTTING SHEEP OR LOCATING DALL SHEEP DURING THE OPEN SEASON IS PROHIBITED.]

**What is the issue you would like the board to address and why?** The Matanuska Valley AC believes that the language that was adopted from Proposal 207, in March of 2015, that restricts the use of aircraft while hunting sheep, should be rescinded. The present language reads:

*"From August 10 to September 20 aircraft may only be used to place hunters and camps, maintain existing camps, and salvage meat and trophies while used for the purpose of Dall sheep hunting. Using an aircraft for the purpose of spotting sheep or locating Dall sheep during the open season is prohibited."*

After this proposal was adopted by the Board of Game (board), our AC had unprecedented attendance at its next meeting, and everyone was very upset by the action. Subsequently, on May 28 of 2015, the board held a special meeting at the request of two of its members, to reconsider and rescind Proposal 207's language. Proposal 207 was a board generated proposal, that they produced on their own, not at the request of anyone from the public, and which didn't address any biological concerns. Nobody had ever proposed these kind of extreme restrictions before. At the May 28 special meeting there were 224 public comments on this proposal; 184 were in opposition to it and wanted to see it rescinded, while only 27 were in support of it. All three of the largest ACs (Anchorage, Mat Valley and Fairbanks), representing over half of the state's population, voted unanimously to rescind Proposal 207. Despite this overwhelming opposition, the board retained Proposal 207, ignoring the public's will. The Alaska Wildlife Troopers said from the very beginning that these restrictions were unenforceable, and to our knowledge no one has ever been cited for a violation of them. The issues the proposer purported to address with Proposal 207 were already addressed by other statutes regarding harassing, chasing or herding animals with an airplane.

Proposals to rescind what started as Proposal 207 have been brought forward in 2016 and 2017 and both times the public has supported rescinding the restrictions by a 2 to 1 margin, but were ignored by a small board majority. We believe that, in the absence of any biological concern being addressed, the public should be listened to, and the overwhelming majority want Proposal 207 language rescinded. The board has rejected applying these same restrictions to all other game species, in Proposal 70 introduced at the statewide meeting in Fairbanks in 2016, and should reject the restrictions for sheep also.
