

**PROPOSAL 65**

**5 AAC 92.220. Salvage of game meat, furs, and hides.**

Eliminate the moose hide salvage requirement for hunters aged 62 years and older participating in the community subsistence moose hunt in Unit 13 and make it optional as follows:

**HUNT TERMS AND CONDITIONS**

Therefore, all participants in the Copper Basin moose community subsistence harvest hunt must salvage for human consumption: 1. the head, heart, liver, kidneys, stomach, and hide.

**1(a). Transporting hide from the field is optional for CM300 participants who are 62 years and older.**

2. meat of the forequarters, hindquarters, ribs, brisket, neck, and back bone must remain naturally attached to the bones until delivered to the place where it is processed for human consumption.

**What is the issue you would like the board to address and why?** Revise the CM300 hunt conditions requirement that transporting moose hide from the field is optional for CM300 hunters who are 62 years and older.

Carrying hide from the field is difficult for older hunters. Moose hide is extremely heavy and large to carry from the field. Hunters 62 years and older should have the option to either leave moose hide in the field or haul it from the field.
