5 AAC 85.025(a)(8). Hunting seasons and bag limits for caribou.

as follows:

Amend 5 AAC 85.025(a)(8) as follows:

up to 2 caribou per harvest report per regulatory year by community harvest permit only; up to [400] **500** caribou may be taken; or

What is the issue you would like the board to address and why? Increase the community subsistence caribou hunt allocation from up to 400 caribou may be taken to up to 500 caribou may be taken.

This change is requested in order to address the fact that addition caribou are needed in the community subsistence caribou hunt to provide for customary and traditional harvest and uses of caribou by Alaska residents living in Unit 13.
