

PROPOSAL 108

5 AAC 85.055. Hunting seasons and bag limits for Dall sheep.

Make all sheep hunts in Units 7 and 15 registration as follows:

Make all Dall sheep hunts in Units 7 and 15 registration hunts. This would give managers the ability to open or close areas based on survey data and allow potential harvests to be aligned with actual sheep numbers, contributing to overall hunt quality for participants.

What is the issue you would like the board to address and why? Dall sheep numbers on the Kenai Peninsula have been in drastic decline for a number of years. General season sheep openings are not sustainable given the scarcity of legal rams.
