

PROPOSAL 162

5 AAC 85.065. Hunting seasons and bag limits for small game.

Extend the ptarmigan season in a portion of Unit 15C to March 31 as follows:

I propose leaving the bag limit at five and ten in possession with the hunt dates increased back to original that were August 10th - March 31st. The spring hatch has been good, and the numbers are high.

What is the issue you would like the board to address and why? Change back to original dates August 10th - March 31st for ptarmigan in Unit 15C, that portion north of Kachemak Bay and north of Fox River, leaving the bag limit of five and ten in possession as it is now.
