

The Board of Game does not have authority to regulate guide activity.

PROPOSAL 194

Any individual that holds a federal exclusive guide use concession area is excluded from having any employed or contracted guide, second degree of kindred relative, or themselves apply for a drawing permit hunt in the area in which they hold the exclusive guide area.

What is the issue you would like the board to address and why? Exclusive guide concession owners have guides and family members apply for resident pool tags in their exclusive area. \$30 a year investment for a chance to keep a resident out of their area is very financially lucrative. There are numerous owners having their kids, guides, and wives doing this every year, and at least four tags will most likely not be used in this fashion in the last draw cycle that I know of, if not more. This proposal does not exclude guides and relatives from hunting other Unit 8 sub-areas, just not taking away legal resident opportunity for the sake of reducing competition in their contracted area.
