

PROPOSAL 74

5 AAC 92.220. Salvage of game meat, furs, and hides.

Require that meat must be left on the bone when hunting deer in Unit 8 as follows:

All deer harvested in Unit 8 must remain bone-in until processed at a land-based location.

What is the issue you would like the board to address and why? Wanton waste of deer is the issue here, especially with boat based transporters.
