

Dear Alaska Board of Game

As a nonresident to Alaska id like to ask that you please reconsider proposal 73. It takes a great deal of financial output to travel from the lower 48 to Alaska as it is. Lowering the deer bag limit from 3 deer to 1 deer to me would not make the effort of not only time and travel, but the cost break down of resources needed to make the hunt possible. I hope that you possibly would look at to other options. Maybe nonresidents should be required to harvest bucks only and be limited to 2 deer only.

Best Regards,

Brenden Schauf
