Policy on Election of Officers

At its January 2015 Work Session, the Board of Game (Board) adopted a policy setting the schedule for officer elections based upon the following:

It is the policy of the Board for officer elections to be held annually at the work session, regardless of whether or not the membership changes. In the event a work session is not scheduled, the Board shall hold the officer elections at the first regular meeting of the year. Officers will serve until the Board is able to elect new officers or unless circumstances require the officer to step down.

ALASKA JOINT BOARDS OF FISHERIES AND GAME

CRITERIA FOR DEVELOPMENT OF BOARD-GENERATED PROPOSAL

It has been suggested that criteria need to be established to guide the Alaska Joint Boards of Fisheries and Game, Board of Fisheries, and Board of Game (boards) members when deliberating on whether or not to develop a board-generated proposal. The boards will consider the following criteria when deliberating the proposed development and scheduling of a board-generated proposal:

1. Is it in the public's best interest (e.g., access to resource, consistent intent, public process)?
2. Is there urgency in considering the issue (e.g., potential for fish and wildlife objectives not being met or sustainability in question)?
3. Are current processes insufficient to bring the subject to the board's attention (e.g., reconsideration policy, normal cycle proposal submittal, ACRs, petitions)?
4. Will there be reasonable and adequate opportunity for public comment (e.g., how far do affected users have to travel to participate, amount of time for affected users to respond)?

Findings adopted this 16th day of October 2013.

ALASKA BOARD OF FISHERIESOPERATING PROCEDURES
POLICY TO NOT USE MOTION TO RESCIND

Under its *Standing Rules* (91-128-FB), the Alaska Board of Fisheries (Board) uses the most current version of *Robert's Rules of Order* as a guide in conducting meetings. However, under the Standing Rules and because the Board is not required under Alaska Statutes to use any particular parliamentary procedure, these rules are not mandatory. *Robert's Rules of Order* allows for a *motion to rescind* as a procedural tool to void an action taken by the Board when a *motion to reconsider* is no longer an option.

The Board employs several procedural tools for bringing a subject or proposal forward during or outside of the regular meeting cycle, including several methods to take action to repeal or change regulations. These procedural tools include Agenda Change Requests, Motions to Reconsider, Board Generated Proposals, and Emergency Petitions.

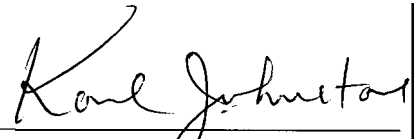

The Board is concerned that a *motion to rescind* may occur not only during the same Board meeting in which the action was taken and after which time a *motion to reconsider* is no longer an option, but also during a subsequent regular or special meeting. This may not allow the public that was engaged in the process that has left a Board meeting after an action has been taken to be aware of the potential action for a motion to rescind and available to provide comments.

Since the Board has adequate means of addressing regulatory changes during or outside of its regular meeting cycle, the Board will not utilize a motion to rescind which would otherwise be allowed in Robert's Rules of Order.

The completed proposal form must contain a contact telephone number and address. Email addresses are appreciated. Please print or type the individual's or organization's name as appropriate.

The board encourages individuals or organizations to communicate and coordinate with others in the development of proposals. Local Advisory Committees (AC) are an excellent resource and the collective knowledge and experience within ACs may help improve proposals, increasing their chances of success. Here is a link to ACs across the state <https://www.adfg.alaska.gov/index.cfm?adfg=process.acregion>. You can also work with area staff from the Department of Fish and Game to better understand the current regulations, and what the effect(s) of your proposed change may be. Area staff contact information can be found on the ADF&G website here: <https://adfg.alaska.gov/index.cfm?adfg=contacts.main>.

All proposals are reviewed prior to publication. Language that is emotionally charged detracts from the substance of the proposal and may draw opposition not germane to the element(s) of the proposal. Such language may be edited or deleted prior to publication. **Proposals that do not meet the call will not be accepted.** Proposals must pertain to the region, species, and uses in this call. If duplicative proposals are received by the same individual or group only one will be included in the proposal book.

Proposals published in the proposal book will be referenced with the appropriate Alaska Administrative Code citation and include a brief description of the action requested.

Proposal books are sent to advisory committees and the public for review and comment. Proposals are online at <http://www.adfg.alaska.gov/index.cfm?adfg=fisheriesboard.proposalbook>. Those submitting proposals are encouraged to review the proposal book at their earliest convenience to ensure proposals are included and accurate. Noted errors and omissions should be reported to Boards Support immediately. The public is encouraged to visit the Board of Fisheries website frequently for news and information regarding the upcoming cycle.

Responsive proposals received by the proposal deadline will be considered by the Board of Fisheries during the October 2024 through March 2025 meeting schedule.

Long-Term Meeting Cycle

The Board of Game meeting cycle generally occurs from November through March. The board considers changes to regulations on a region-based schedule that cycle every three years. When the regional regulations are before the board, the following regulations are open for consideration within that region:

- Closures and Restrictions in State Game Refuges
- Management Areas, Controlled Use Areas, and Areas Closed to Hunting and Trapping

**East Prince of Wales
Fish and Game Advisory Committee**

AC 001

Amy Jennings, Chair
Jajenning401@gmail.com
Thorne Bay, Alaska

January 6, 2024

Dear Joint Board of Fisheries and Game,

The East Prince of Wales (PoW) AC respectfully requests to change the administrative code of our AC so we have two designated seats from the following five communities: Hollis, Kasaan, Thorne Bay, Coffman Cove and Whale Pass for a total of ten designated seats and the remaining five will remain undesignated.

Thorne Bay is centrally located from the other communities and has paved roads. We have been meeting in the Thorne Bay City Hall and they have graciously allowed us to meet there and use their audio / video equipment so we can also have online participation. The facility also has a bathroom and can hold about 40 people. The other four communities above either do not have a similar facility and / or they are not centrally located with paved roads.

The East PoW AC is not called the Thorne Bay AC. We want to make sure we have designated seats for the five communities, so they do not get left out and the AC doesn't get overloaded with Thorne Bay residents.

Thank you for your consideration.

The East Prince of Wales Advisory Committee
